

FLOOD CAUSES A SUSPENSION OF BUSINESS

POTTERIES RENDERED IDLE BECAUSE OF THE WATER

**Pumping Station Flooded and Water Is Supplied
Only for Domestic Pur-
poses.**

THE HIGHEST STAGE IS YET TO COME

The highest stage of water here will be reached before midnight. After that hour the water will recede rapidly and before daylight all danger will be over. The crest of the flood reached Pittsburg at noon, when the stage was 30 feet. The greatest loss in East Liverpool resulted from the flooding of the water works pumping station. Superintendent Morley, when it became apparent that the pumps could not be kept going, notified every pottery and manufacturing plant in the city that the reservoir supply must be reserved for domestic use.

Business in East Liverpool was practically suspended today, the flood causing the entire suspension of work in the pottery plants, interfering seriously with traffic on the railroad and street car lines. Service on the East Liverpool line between this city and Wellsville was annulled this afternoon.

There was an anxious night along the river front. Before midnight the water had climbed up the banks until within a few feet of overflowing and two hours later it was creeping along the river road into the potteries. Craft along the river front escaped further damage, although constant work was necessary to keep moored in to the shore. Along up the river points, however, boats of all kinds were swept away and the damage will reach many thousands of dollars.

The water continued to rise all this morning, the average rate being six inches an hour. The morning reports from the headwaters showed that the rain had ceased and that the high water mark had been reached in both the Monongahela and Allegheny rivers. The torrents from the smaller tributary streams has passed and the weather conditions can scarcely become so unfavorable that the noon stage at Pittsburg will be passed.

**THE HIGHEST STAGE
TO COME TONIGHT.**
The stationary stage at Pittsburg will continue at least four hours before the waters begin to recede. Rivermen calculate that the highest mark will be maintained for about that length of time. According to their calculations the highest stage will be registered here at 6 o'clock this evening. From that hour until 10 o'clock there will be very little change. The water will commence to fall near midnight and before morning should be confined to its banks again.

Before daylight this morning the banks between the city proper and the East End were overflowed and street car officials at once commenced upon the work of caring for the rolling stock. The shifter and crew worked during the early hours removing the freight cars from the switches and spurs that would be first reached by the on-coming flood. Many cars were taken from the tracks opposite the passenger station and placed out of danger. A large quantity of bridge timber was also removed. At 10 o'clock the water had reached within a few feet of the south switch there, creeping around the Tri-State Gas company's structure.

**THE SITUATION
IN THE WEST END.**
While the water covers the West End park and the flats around the West End pottery, the Horn switch has not yet been reached. A number of out-buildings in the rear of the houses facing Eighth street are partly submerged. The West End pottery and the Golding flint mill are protected by retaining walls.

The water is at the top of the arch of the Tanyard run culvert but the railroad tracks are several feet higher and out of danger.
Traffic on the East Liverpool line was interfered with early in the day. The water first covered the tracks at Thompson's pottery and a short time later they were covered at the National plant, the pump house and McCain's stove mill. Superintendent Thomas had taken the precaution to remove all the rolling stock from the barn. Several of the cars were sent east so

that service from Ralston's crossing to the state line could be maintained. Other cars were sent to the Second street switch.

Cars were operated this morning from Ralston's east and from the Second street switch to Wellsville. About noon the water flooded the tracks in Wells' hollow, just east of Wellsville and that city could not be reached. Superintendent Thomas and the car men made every effort to keep the cars going.

THE DAMAGE TO RIVER POTTERIES

**IT WILL NOT BE GREAT, SAVE FOR
TIME LOST.**

Vigorous Work Done to Avert Disaster from the Rising Waters.

The river potteries will be only slightly damaged. The loss will be for the most part in loss of time and the cost of removing the mud and filth after the waters recede. The Thompson and National will suffer the greatest loss. The kiln sheds, slip house and other parts of Thompson's on the river side are covered to a depth of at least two feet.

There is a foot of water in the Harter plant and the Colonial is in about the same condition. The water is more than a foot deep in some parts of the Globe plant.

At the George C. Murphy plant work was prosecuted vigorously all night, and as much of the ware as could be moved was taken from the bisque warehouse. The warehouse and kiln-sheds are flooded.

The water is two feet deep in the packing shed at Cartwright's, but the damage there will be very slight. The river plants will lose considerably in loss of time, as work cannot be resumed until the filth and mud is removed.

THE CITY'S PUMPS OBLIGED TO STOP

**AS A RESULT MANUFACTORIES
SUSPENDED.**

The Stoppage Shows the Need of Improvement of the Water Works.

The great need of improving the pumping station has been conclusively demonstrated. The water reached the interior of the building at an early hour this morning and before noon it was necessary to stop the pumps. With the improvement proposed the present stage of water would be harmless. As a result of the stopping of the pumps every manufactory in the city was notified to cease the use of the city water, which means a suspension of operations. The entire supply of water in the reservoir is sufficient for the domestic use of the city for at least 36 hours.

The pumps cannot be started again for some little time after the water recedes, owing to the sediment and dirt that will cover the machinery.

Chasing a Barge.
The steamer Lee H. Brooks passed here early in the afternoon in pursuit of a barge that had been carried away

from some up river point. Many people thought the boat to be in distress, but this was not the case. The crew had perfect control of the steamer, though it appeared to those on shore that she was drifting helplessly. The Brooks came up with the barge a short distance below this city and succeeded in landing with it.

SHANTY BOAT DWELLERS KEPT A CLOSE WATCH

As a Result They Suffered Little From the Flood Last Night.

The shanty boat districts did not suffer much last night. The people on the boats were watchful and awake during the entire night, but the great

SENSATION IN THE HIGH SCHOOL

Twelve of the Pupils Reported to Have Been Summarily Suspended.

THE CAUSE OF THE ORDER

A sensation was caused the other morning in the local high school room when 12 of the scholars, six boys and six girls, were ordered to leave the room and go to their homes. The scholars were charged with possessing obscene literature and were told that they were expelled. The order was partially rescinded later, however, the girls being notified that they could come back, but the boys are yet suspended.

Parents of the suspended children are up in arms. It was stated today by one of the irate fathers that he would insist that his boy be allowed to return to school unless better proof of his guilt is produced, and then it is considered by the parent as going a little too far to suspend a scholar permanently for the misdemeanor.

It is said that one of the scholars obtained a few verses of smutty language and in fun passed them around among 11 other scholars of his class. All of them copied the verses, and Supt. Rayman learned of the fact that they had the verses in their possession and immediately ordered them to go home, leaving them to infer that they were expelled.

There was little done regarding the suspension on the same day, but a day later, it is said, that the girls were sent word that they could return, it being the decision of the school officials that for them to be kept away under the conditions might place a stigma on their names that could not be erased. The boys were not told that they could return and are still suspended. Prof. Rayman, it is said, informed one of the parents that nothing would be done finally for a few days. Meanwhile the parents are much worked up.

GAS PLANT DAMAGED

Bridgewater Company's Establishment in the East End Surrounded By Water.

The experimental plant of the Bridgewater Gas company in the East End has been considerably damaged. One of the huge tanks was raised from its foundation and toppled to one side. The water comes onto the low ground around the plant through a culvert. The extent of the damage has not been given.

Property along Dry Run has not been damaged. The stream is backed up for some distance, but none of the houses have been reached.

Telephone Service Crippled.

Telephone service throughout the county has been crippled all day. Neither the Columbiana or the Bell telephone had a working line to Lisbon. Linemen were put to work early this morning, however, and before evening it is expected that long distance communication can be had with all out of town points.

A Distinction and a Difference.
Gentleman—Say, newsboy, got an evening paper?
Boy—Nope. All sold out. Got a lot of Crisis left, though.

STEPS TO BE TAKEN TO GET THE MONEY

Demands to Be Made for Bridge Fund and Street Car Tax.

CONFERENCE ON MONDAY

When the Mayor, Solicitor, Auditor and Treasurer Will Resolve Upon the Action to Be Taken—Provisions of the Law.

Solicitor Davidson, who is confined to his home by illness, expects to be at his office Monday and together with the mayor, auditor and treasurer, will institute some action whereby the city will receive several thousand dollars thought to be lawfully due it. As published exclusively in the News Review, the officials confidently believe that they can get more than \$3,000 from the bridge fund and between \$1,000 and \$2,000 in back taxes from the two street railway companies in the city.

The officials have accepted the statement of Assistant County Auditor Coburn as authoritative when he said that the city can demand half of the bridge fund if it will assume the responsibility of maintaining the bridges in this township, and a formal demand will be made for the money just as soon as the precautionary measures can be taken. Regarding the street car tax the officials will act on the following ordinance, passed November 24, 1896:

"Any street railway company owning or operating any street railway in the city of East Liverpool, shall pay to the city an annual license fee of ten dollars (\$10) for each car operated by such company, and such license shall in each case expire on the thirty-first day of January of each year. The president or managing officer and secretary of such company shall on or before the first Monday of February of each year, during the continuance of the contract, furnish the city council with a full and complete list of all cars operated by such company, and such statement shall be verified by the oath of said president or managing officer and secretary and the city clerk shall notify every such company of such requirement. Whereupon the city clerk shall collect and every company is required to pay to said clerk the annual license fee of ten dollars (\$10) for each and every car operated. Any company violating the provisions of this section shall upon conviction be fined in any sum not exceeding fifty dollars (\$50), and ten dollars (\$10) for each and every day after being notified to so file and pay license."

Another section of the ordinance which reads as follows makes the provisions of the ordinance a part of every franchise:

"The provisions of this ordinance so far as applicable, and unless otherwise provided, shall be considered as entering into and forming part of every grant heretofore made, whether specifically set forth or referred to in the ordinance making the grant or not."

ON A DANGEROUS TRIP

Three Tow Boats With Tows Started Out on the Crest of the Flood.

On one of the most perilous journeys ever attempted on the Ohio river a trio of tow boats passed this city late yesterday afternoon. They were the D. W. Thomas, W. H. Flint and the R. L. Aubrey. The Thomas led the trio with the Flint a few minutes behind her. All the boats left Pittsburg after noon and reached here in a remarkably short space of time, carried on by a current of about 12 miles an hour.

Experienced river men can best understand the danger to these boats and their crews. They are just behind the great ice jam of the Ohio, being carried away by the rising waters and just in front of the floods from the Allegheny and Monongahela, carrying the immense ice floes from those streams. For the boats to effect a landing will be well nigh impossible, owing to the swift current and heavy ice.

SUCCESSFUL TEST OF A NEW FENDER

Moving Car Struck the Demonstrator and He Was Entirely Uninjured.

Running at a rate said not to have exceeded eight miles an hour, car No. 12, of the East Liverpool and Rock Springs Street Railway, equipped with an Eclipse fender, struck H. Brinkman this afternoon.

The fender "fends" and that is all that can be said of it.

Brinkman fell back in the fender after being struck, and was uninjured. After the demonstration General Manager George R. Ahrendts announced that equipment for 12 cars would be purchased at once, the installing of the fenders requiring about two weeks.

FALSE PRETENSE IS THE CHARGE

Nathan Reich Accused of Getting Valuable Goods By Fraud.

SUIT BEFORE A JUSTICE

Nathan Reich, of the Reich-Chertoff company, which assigned a few days ago, was this morning made defendant in a case that will cause him a world of trouble if it does not result in his imprisonment. He is charged by a warrant issued in the court of 'Squire J. N. Rose of obtaining goods to the amount of \$430 by false pretenses from the Locke Shoe company, of Wheeling. The affidavit was sworn to by W. L. Miller, collector for the shoe company.

It is alleged that on or about November 16, 1903, Reich did unlawfully falsely pretend, with intent to defraud the Locke Shoe company, and obtain nine dozen pairs of men's shoes, valued at \$130, and also by false pretense secured \$300 worth of shoes which had been sold the House & Hodgson company. The complainant further alleged that Reich pretended that he had stock in his store the cash value of which was \$6,500 and that it was insured for \$6,000; that the amount of book accounts considered, goods was valued at \$2,500; cash in the bank, \$1,550; value of residence, \$3,500; liabilities for merchandise on open account not due, \$2,350; mortgage on real estate, \$2,400; that the Reich-Chertoff company owed nothing on merchandise on open account past due, that the Reich-Chertoff company owed nothing for borrowed money not secured and had no other liabilities than said \$4750.

The affidavit further affirms that the company was not a firm when the purchases were made, that it was a corporation composed of several persons, that the liability for merchandise on open account not due was \$3,500 and not \$2,350; that Reich owed \$2,500 borrowed money and that the mortgage was \$2,650 instead of \$2,400. It is alleged that Reich, when he bought the store of House & Hodgson, assumed a debt of \$300, owed by House & Hodgson to the Locke Shoe company and this amount together with the \$130 alleged to be due on the shoes purchased outright aggregates \$430.

Reich was arrested this afternoon by Constable Powell and taken before 'Squire Rose, who demanded a bond of \$400 for his appearance next week for a preliminary hearing.

CHARGED WITH BURGLARY

Charles Ipe and Ernest Bradley Were Arraigned Before the Mayor Today.

Charles Ipe and Ernest Bradley, charged with burglarizing the saloon of W. E. Morrow, were arraigned before Mayor Weaver this afternoon at 2 o'clock. The defendants were represented by Attorney R. G. Thompson and the state by Solicitor Davidson. A number of witnesses were subpoenaed and appeared to testify.

Mayor Weaver decided this afternoon to give William Starr and Jack Sharp, prisoners at the city jail charged with vagrancy, another chance to redeem their character, and will not send them to the county jail. He will also likely discharge Amos, Ball and Quinn on next Monday.

TAKEN FROM WINDOWS TO ESCAPE FROM FLOOD

Numerous Residences in Wellsville Too Dangerous For Occupants to Stay.

A BIG LANDSLIDE AT YELLOW CREEK

Probably 75 houses in Wellsville were partially under water at noon today. This number will be increased before dark without question.

Almost all the factories in Wellsville have been compelled to shut down and fires under boilers in others were being put out at noon.

A four-inch main of the Tri-State Gas company, a branch from the main line, extending along the Ohio shore, broke about 60 feet from the main line shortly after midnight. This branch line supplies all the plants in the rear of the city.

Three cars, two of coal and one empty tank car, were overturned from a siding at Yellow Creek onto the main track of the Cleveland & Pittsburg road early today. Late this afternoon the tracks had not been cleared.

There is about two and a one-half days' water supply in the reservoir at Wellsville. At noon the basin was bank full. The pumps will be compelled to be shut down, as the water is now putting out the fires under the boilers.

Water is filling the basement of school No. 3 on Liverpool street. It is not likely there will be school in this building Monday.

Because of the high water weakening the bank of the new track of the Cleveland & Pittsburg railroad, just east of Wellsville station, no trains have run east over that track since last midnight. The west bound track is being used exclusively between Wellsville and East Liverpool. The company dumped a number of carloads of filling above the embankment early this morning, and this prevented additional damage.

Unless the water rises to an unusual height, the plant of the Wellsville Electric Light company will be able to continue operations.

FLOODING OF HOUSES

CAUSES MOST DAMAGE.

Flooding of Wellsville residences will be the cause of the greatest loss to the citizens. All the homes that have been affected by the flood are in the east end of the city, and water in some instances is as high as the second story windows. Skiffs are being used to take occupants from these houses to places of safety. There is grave danger, should the river rise much more, of some of these houses being removed from their foundations. Crude flat boats are being used by some people to remove their household goods from homes, taking them to temporary quarters elsewhere.

Homes in the vicinity of the rolling mill between First and Third streets are submerged. The water at noon was slowly creeping over the tracks of the East Liverpool railway company, and at 11 o'clock through traffic between East Liverpool and Wellsville was stopped. Water was three feet deep on the street railway tracks at the east end of the rolling mill at 2 o'clock, and rising. Some household goods in these homes have been already damaged, but the bulk of the goods were removed before the high water arrived.

Improvements that have been under way at the new pumping station of the Wellsville water works are submerged. Contractors claim that no damage will result to the work already completed, but some citizens claim the city stands a show to lose \$4,000 there.

It is contended that, should the concrete work cave in because of the high water, in which event other work completed would be destroyed, the city would have to stand the loss. The company in the meantime could throw up its contract, and as it is only under a bond of \$2,000, that is all the city could reclaim. It is averred that work now completed has cost the city \$6,000 and has been paid for.

However, those connected with the

contract say the work is substantial, and will withstand the flood.

The derrick used in hoisting materials on this work will have to be replaced. The boom was let down on the ground last night when work was stopped, and it is now floating on the water. The stationary engine at this work is completely submerged.

DANGER OF SHORTAGE OF GAS SUPPLY

By the breaking of the four-inch gas main of the Tri-State Gas company at Seventh street early this morning, danger exists in the supply of gas being shut off both in Wellsville and East Liverpool.

The break is about 60 feet from the main line, close to the Ohio shore. Water was thrown to a height of several feet, small pieces of ice soon after the break occurred being thrown upon the railroad tracks, and over the street bank.

Supt. Hunter issued this statement:

"There is little danger of the break causing trouble. As soon as the ice goes out of the river sufficient to allow men to work on the break, we will try to plug the hole. It appears that the four-inch main is broke in twain, and it is not just a crack. It was evidently caused by the ice and heavy drift striking the pipe.

"Should we be compelled to shut off this supply in this main, the gas consumed both in East Liverpool and Wellsville would be shut off. This we do not want to do unless it is absolutely necessary."

SOME OF THE PLANTS THAT ARE IN DANGER

Water reached the packing and straw shed of the United States pottery early this morning. Employees removed all materials to the upper floors and no damage will result to the company on this account.

A portion of the Stevenson plant is under water. The plant is generally idle Saturday, but men were at work taking care of any property that stood a chance of being damaged by the water.

The sheet mill is comparatively safe from high water. It is built on high ground, although an unusual rise will seriously affect the property.

The Combination Soap plant is in danger of being slightly damaged. All materials will be removed before the water comes on the first floor. Arrangements to this effect were being made this morning.

All the plants in the back part of the town were ready for an emergency. Men were on duty all night looking after the interests of the several concerns, and moving materials to upper floors.

In all, the owners of Wellsville factories have their plants placed in good condition for a flood of an unusual height.

CARS OVERTURNED

BY LANDSLIDE

Two cars of slack coal and one empty tank car on a siding near Yellow Creek were overturned, on the main line by a land slide about 8 o'clock this morning. The Wellsville wreck train went to replace the wreck and about 3 o'clock this afternoon had the tracks about open.

Announcement was made at noon that five inches of water was on the tracks of the railroad company a mile below Mingo. This will interfere with the operations of trains if the river rises much more. Some engines will pull a train through two feet of water on the river division of the Cleveland & Pittsburg road.

Repairs were completed to the bridges damaged by the ice gorge near Irondale on the Cleveland and Pittsburg road Thursday. Commencing this morning early, trains from Pitts-

Experienced river men can best understand the danger to these boats and their crews. They are just behind the great ice jam of the Ohio, being carried away by the rising waters and just in front of the floods from the Allegheny and Monongahela, carrying the immense ice floes from those streams. For the boats to effect a landing will be well nigh impossible, owing to the swift current and heavy ice.

SUCCESSFUL TEST OF A NEW FENDER

Moving Car Struck the Demonstrator and He Was Entirely Uninjured.

Running at a rate said not to have exceeded eight miles an hour, car No. 12, of the East Liverpool and Rock Springs Street Railway, equipped with an Eclipse fender, struck H. Brinkman this afternoon.

The fender "fends" and that is all that can be said of it. Brinkman fell back in the fender after being struck, and was uninjured.

After the demonstration General Manager George R. Ahrendts announced that equipment for 12 cars would be purchased at once, the installing of the fenders requiring about two weeks.

FALSE PRETENSE IS THE CHARGE

Nathan Reich Accused of Getting Valuable Goods By Fraud.

SUIT BEFORE A JUSTICE

Nathan Reich, of the Reich-Chertoff company, which assigned a few days ago, was this morning made defendant in a case that will cause him a world of trouble if it does not result in his imprisonment. He is charged by a warrant issued in the court of Squire J. N. Rose of obtaining goods to the amount of \$430 by false pretenses from the Locke Shoe company, of Wheeling. The affidavit was sworn to by W. L. Miller, collector for the shoe company.

It is alleged that on or about November 16, 1903, Reich did unlawfully and falsely pretend, with intent to defraud the Locke Shoe company, and obtain nine dozen pairs of men's shoes, valued at \$130, and also by false pretense secured \$300 worth of shoes which had been sold the House & Hodgson company. The complainant further alleged that Reich pretended that he had stock in his store the cash value of which was \$6,500 and that it was insured for \$6,000; that the amount of book accounts considered, goods was valued at \$2,500; cash in the bank, \$1,550; value of residence, \$3,500; liabilities for merchandise on open account not due, \$2,350; mortgage on real estate, \$2,400; that the Reich-Chertoff company owed nothing on merchandise on open account past due, that the Reich-Chertoff company owed nothing for borrowed money not secured and had no other liabilities than said \$4,750.

The affidavit further affirms that the company was not a firm when the purchases were made, that it was a corporation composed of several persons, that the liability for merchandise on open account not due was \$3,500 and not \$2,350; that Reich owed \$2,500 borrowed money and that the mortgage was \$2,650 instead of \$2,400.

It is alleged that Reich, when he bought the store of House & Hodgson, assumed a debt of \$300, owed by House & Hodgson to the Locke Shoe company and this amount together with the \$130 alleged to be due on the shoes purchased outright aggregates \$430.

Reich was arrested this afternoon by Constable Powell and taken before Squire Rose, who demanded a bond of \$400 for his appearance next week for a preliminary hearing.

CHARGED WITH BURGLARY

Charles Ipe and Ernest Bradley Were Arraigned Before the Mayor Today.

Charles Ipe and Ernest Bradley, charged with burglarizing the saloon of W. E. Morrow, were arraigned before Mayor Weaver this afternoon at 2 o'clock. The defendants were represented by Attorney R. G. Thompson and the state by Solicitor Davidson. A number of witnesses were subpoenaed and appeared to testify.

Mayor Weaver decided this afternoon to give William Starr and Jack Sharp, prisoners at the city jail charged with vagrancy, another chance to redeem their character, and will not send them to the county jail. He will also likely discharge Amos, Ball and Quinn on next Monday.

TAKEN FROM WINDOWS TO ESCAPE FROM FLOOD

Numerous Residences In Wellsville Too Dangerous For Occupants to Stay.

A BIG LANDSLIDE AT YELLOW CREEK

Probably 75 houses in Wellsville were partially under water at noon today. This number will be increased before dark without question.

Almost all the factories in Wellsville have been compelled to shut down and fires under boilers in others were being put out at noon.

A four-inch main of the Tri-State Gas company, a branch from the main line, extending along the Ohio shore, broke about 60 feet from the main line shortly after midnight. This branch line supplies all the plants in the rear of the city.

Three cars, two of coal and one empty tank car, were overturned from a siding at Yellow creek onto the main track of the Cleveland & Pittsburg road early today. Late this afternoon the tracks had not been cleared. There is about two and a one-half days' water supply in the reservoir at Wellsville. At noon the basin was bank full. The pumps will be compelled to be shut down, as the water is now putting out the fires under the boilers.

Water is filling the basement of school No. 3 on Liverpool street. It is not likely there will be school in this building Monday.

Because of the high water weakening the bank of the new track of the Cleveland & Pittsburg railroad, just east of Wellsville station, no trains have run east over that track since last midnight. The west bound track is being used exclusively between Wellsville and East Liverpool. The company dumped a number of carloads of filling above the embankment early this morning, and this prevented additional damage.

Unless the water rises to an unusual height, the plant of the Wellsville Electric Light company will be able to continue operations.

FLOODING OF HOUSES CAUSES MOST DAMAGE.

Flooding of Wellsville residences will be the cause of the greatest loss to the citizens. All the homes that have been affected by the flood are in the east end of the city, and water in some instances is as high as the second story windows. Skiffs are being used to take occupants from these houses to places of safety. There is grave danger, should the river rise much more, of some of these houses being removed from their foundations.

Crude flat boats are being used by some people to remove their household goods from homes, taking them to temporary quarters elsewhere. Homes in the vicinity of the rolling mill between First and Third streets are submerged. The water at noon was slowly creeping over the tracks of the East Liverpool railway company, and at 11 o'clock through traffic between East Liverpool and Wellsville was stopped. Water was three feet deep on the street railway tracks at the east end of the rolling mill at 2 o'clock, and rising. Some household goods in these homes have been already damaged, but the bulk of the goods were removed before the high water arrived.

Improvements that have been under way at the new pumping station of the Wellsville water works are submerged. Contractors claim that no damage will result to the work already completed, but some citizens claim the city stands a show to lose \$4,000 there. It is contended that, should the concrete work cave in because of the high water, in which event other work completed would be destroyed, the city would have to stand the loss. The company in the meantime could throw up its contract, and as it is only under a bond of \$2,000, that is all the city could reclaim. It is averred that work now completed has cost the city \$6,000 and has been paid for.

However, those connected with the

contract say the work is substantial, and will withstand the flood.

The derrick used in hoisting materials on this work will have to be replaced. The boom was let down on the ground last night when work was stopped, and it is now floating on the water. The stationary engine at this work is completely submerged.

DANGER OF SHORTAGE OF GAS SUPPLY

By the breaking of the four-inch gas main of the Tri-State Gas company at Seventh street early this morning, danger exists in the supply of gas being shut off both in Wellsville and East Liverpool.

The break is about 60 feet from the main line, close to the Ohio shore. Water was thrown to a height of several feet, small pieces of ice soon after the break occurred being thrown upon the railroad tracks, and over the street bank.

Supt. Hunter issued this statement:

"There is little danger of the break causing trouble. As soon as the ice goes out of the river sufficient to allow men to work on the break, we will try to plug the hole. It appears that the four-inch main is broke in twain, and it is not just a crack. It was evidently caused by the ice and heavy drift striking the pipe.

"Should we be compelled to shut off this supply in this main, the gas consumed both in East Liverpool and Wellsville would be shut off. This we do not want to do unless it is absolutely necessary."

SOME OF THE PLANTS THAT ARE IN DANGER

Water reached the packing and straw shed of the United State pottery early this morning. Employees removed all materials to the upper floors and no damage will result to the company on this account.

A portion of the Stevenson plant is under water. The plant is generally idle Saturday, but men were at work taking care of any property that stood a chance of being damaged by the water.

The sheet mill is comparatively safe from high water. It is built on high ground, although an unusual rise will seriously effect the property.

The Combination Soap plant is in danger of being slightly damaged. All materials will be removed before the water comes on the first floor. Arrangements to this effect were being made this morning.

All the plants in the back part of the town were ready for an emergency. Men were on duty all night looking after the interests of the several concerns, and moving materials to upper floors.

In all, the owners of Wellsville factories have their plants placed in good condition for a flood of an unusual height.

CARS OVERTURNED BY LANDSLIDE

Two cars of slack coal and one empty tank car on a siding near Yellow Creek were overturned, on the main line by a land slide about 8 o'clock this morning. The Wellsville wreck train went to replace the wreck and about 3 o'clock this afternoon had the tracks about open.

Announcement was made at noon that five inches of water was on the tracks of the railroad company a mile below Mingo. This will interfere with the operations of trains if the river rises much more. Some engines will pull a train through two feet of water on the river division of the Cleveland & Pittsburg road.

Repairs were completed to the bridges damaged by the ice gorge near Irondale on the Cleveland and Pittsburg road Thursday. Commencing this morning early, trains from Pitts-

Continued on Eighth Page.

Among the Potteries and Allied Industries

CLOSING THE UNION.

Very little work will be done at the Union plant prior to the indefinite suspension, which was announced in the News Review a few days ago. Manager Joseph Manor has been at the Chelsea plant, New Cumberland, and in his absence none around the plant felt like giving out a statement as to the exact time the plant will close its doors. President Fowler visited the plant a few days ago and told a number of operatives that the plant had not closed for all time, but could give no word as to when operations would be resumed. Mr. Manor has been looking over the situation at New Cumberland prior to taking command there. The operatives in the clay department expect to finish today and the blacut kilnmen state that they will make but one more kiln. The others will finish up as the war reaches them.

In spite of the statement from the official that the suspension is not final, the operatives, or the majority of them, are looking for other situations. Many of them have no plans for the future except that they expect to rest a week or more before looking for other work. It is the intention of several of the men to leave the trade entirely. It is stated that there are a number of open jobs at New Cumberland and that they will be filled by men from the Union. The threatened flood, however, may stop operations at the Chelsea, as it is one of the first factories along the river to be reached by high water.

New Medical Discovery

A Famous Doctor Has Recently Made a Most Wonderful Discovery That Cures Every Known Disease.

WE SEND IT FREE FOR THE ASKING

Dr. J. A. Lomas of South Bend, Ind., after years of study, has recently discovered a most marvelous remedy that will cure any disease known to the medical profession. Since this well-known physician made his great discovery he has cured thousands of people suffering

from Rheumatism, Neuralgia, Kidney Trouble and all diseases caused by uric acid in the blood; all disorders of the Stomach, Liver or Bowels; completely cures Catarrh and all affections of the Throat, Lungs and other vital organs.

Weakness of any form in man or woman, as well as all Nervous Affections, Blood and Skin Diseases, yield without fail to the magic influence of this remarkable remedy.

The doctor sends this wonderful remedy free to any one who writes him, sending their name and address. If you are sick or afflicted with any disease write at once to Dr. J. A. Lomas, Dept. South Bend, Ind., stating of what you want to be cured. He will send you his new discovery by return mail, free.

He will cure you.

They All Admire

the beauty and brilliance of a room illuminated by electricity. It saves work, too, for the room will be clean and there won't be any grease or smell. The Electric Light Room recommends itself by its excellence.

The Ceramic City Light Co.

177 Washington Street.

THE WEATHER

Ohio—Fair Saturday except snow along the lake; Sunday fair; fresh west winds.

Western Pennsylvania—Much colder Saturday, with snow flurries along the lake and in west portion; Sunday fair; fresh northwest winds.

West Virginia—Fair and colder Saturday, except snow in mountain districts; Sunday fair.

son house, did not take place yesterday as scheduled. The machine is completed so that it can be worked, although several alterations and improvements may be made before it is placed on the market. Already tests of it have been made, but they were not thorough enough to satisfy the inventor. The new machine, if it comes up to expectations, will turn out about 1,200 saggars a day, or as many as 10 men can make in the same length of time. The machine is now at the South Walnut street shop of the Patterson Foundry & Machine company, where the final details are being completed. Mr. Polk finds interested people nearly every where and the final tests are awaited with a great deal of interest by the trade.

ACCEPTS FINE POSITION.

W. H. Ahrendts, formerly of this city, has accepted a position with the Pottery Mining & Milling company and is in charge of the offices of the company in the First National bank building. Mr. Ahrendts, before leaving East Liverpool, was connected with the Dollar Savings bank. He is an efficient bookkeeper and a very pleasant gentleman. Heretofore there has been no sales agent or bookkeeper at the company's offices, but the enlargement of the business through an immense addition to the plant has made it necessary.

HIS SON ILL.

Bert Thompson, a kilnman, employed in one of the Wellsville plants, left yesterday for Cincinnati upon receipt of a message that his son was seriously ill there. The message gave no particulars of the illness and Mr. Thompson hopes to find his son improved.

POTTERY NOTES.

Charles McGuckin will return to his home in East Palestine when the Union plant closes.

Roy Riaden, of the Union, will leave in a few days for Carrollton, where he has another situation.

Dick Robinson, batterout at the Union, will take a job with Bert Allison, of Cartwright's, next week.

John Crawley has taken Ed Farish's cup jigger at the china works, the latter being confined to his home with illness.

Charles G. Nelson, of the clay department at the Union, will go to Sebring when the Union closes. He has a situation there.

Miss Lillie Rigby, a finisher at the Barberton plant, came to this city a few days ago and is finishing for her brother, Lawrence Rigby, of the china works, until the Barberton strike is settled.

Fred Goppert, jiggerman at the Union, will accept a situation with a large manufacturing concern at Allegheny in a short time. He has a cousin at the plant who has found him a lucrative position.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure E. W. Grove's signature is on each box. 25c.

"DO IT TODAY."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over 35 years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

ALVIN H. BULGER'S.

When you ask for Mrs. Austin's Pancake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

TIME OF SPECIAL MEETINGS

General Religious News of the City And Suburbs—A Conveniently Arranged Guide for Strangers And Those Interested in Churches.

It is the desire of the News Review to have this department, which is published every Saturday, complete and accurate. To that end the co-operation of pastors and church officers is invited. To insure publication, all notices intended for this department should reach this office by Friday evening.

Presbyterian.

First Presbyterian church, Fourth street, between Washington and Market. Services at 11 a. m. and 7:30 p. m.; Sunday school at 9:30 a. m.; Endeavor society at 6:15 p. m.; Junior Christian Endeavor at 6:30 a. m.

Rev. Dr. J. H. Cooper will preach both morning and evening.

Second Presbyterian church, Rev. N. M. Crowe, pastor—The only Presbyterian church in the East End—10 a. m., Sunday school; preaching, 11 a. m. and 7:30 p. m.

Morning: "Lay Hold of Eternal Life." Evening: John 3:16.

Methodist Episcopal.

First M. E. church, Fifth and Jackson streets, Rev. Dr. M. B. Pratt, pastor—9:30 a. m., Sunday school; 11 a. m. and 7:30 p. m., preaching; 12 m., 2 p. m. and 6:15 p. m., class meetings; 4 p. m., Junior league; 6:15 p. m., Senior league.

Morning: "Gethsemane." Evening: "The Bartered Birthright."

At 9:30 a. m., Dr. Pratt's bible class for young men.

Services at Gardendale at 3 p. m.

First M. E. church, Chester. Services at 11 a. m. and 7:30 p. m.

A. M. E. church, Grant street, Rev. J. H. Mason, pastor—Preaching, 11 a. m. and 8 p. m.; Christian Endeavor Society, 7 p. m.; Sunday school, 3 p. m.

Erie street M. E. church, Rev. Dr. S. F. Lloyd, pastor—Sunday school, 10 a. m.; preaching, 11 a. m.; Junior Epworth League, 2 p. m.; E. Neville Institute, 2:30 p. m.; Ep-

DROPSY TREATED FREE

\$3.75 Worth of New and Remarkable Treatment Will Be Sent Free to Any of Our Readers As a Trial.

Dropsy is a terrible disease in its last stage. At first no disease is apparently more harmless, a little puffing of the eyelids or hands or a slight swelling of the feet, ankles or abdomen. Yet no death is more fearful. The unfortunate patient slowly drowns in the water of his own blood. He has smothering spells and often has to sit up to breathe.

Dr. Miles' specialty is diseases of the heart, liver, kidneys, nerves and dropsy. To introduce his new Dropsy Treatment he will give away \$10,000 worth. Hundreds of testimonials of the most remarkable cures will be sent on request. One gentleman was cured after having been given up by ten Grand Rapids physicians; a lady after six able Chicago doctors pronounced her case hopeless.

Mr. H. Trimmer, of Green Springs, Pa., writes: "Your Special Treatment cured Mrs. T. of serious heart disease and dropsy after many physicians had pronounced her case hopeless."

Mr. H. A. Groce, of 504 Mountain street, Elgin, Ill., aged 72, was thought to be incurable from dropsy, which reached to his lungs and caused smothering spells, cough, shortness of breath. He reports: "Dropsy all gone; better every way."

Mr. James Pinkerton, editor of the Russellville Sun, Ind., writes: "Mrs. P. was given up by three physicians. She owes her life to Dr. Miles' skill. She now performs her household duties at 65 years of age."

Mrs. M. B. Morelan, of Rogers, O., says: "Dr. Miles saved my life by curing me of that awful disease, dropsy and heart trouble; I suffered terribly."

Miss Sophia Snowberg, of No. 291 21st avenue, Minneapolis, Minn., testifies: "Three days after commencing treatment for dropsy it was nearly all gone, after two allopathic and two homeopathic physicians had failed." Mr. A. P. Colburn, of Blessing, Ia., writes: "Dr. Miles' treatment has performed a miracle for Mrs. C. after her leg burst from dropsy."

Dr. Miles' treatment is much superior to any others and to obtain the best result it is specially prepared for each patient. Every afflicted person should send for this marvelous treatment. \$3.75 worth sent free upon request. Address Dr. Franklin Miles, 562 to 572 Main street, Elkhart, Ind. Mention this paper.

worth League, 6:45 p. m.; evening service, 7:30 p. m.

United Presbyterian.

First U. P. church, Fifth and Market streets, Rev. J. C. Taggart, D. D., pastor—Sunday school, 10:45; Y. P. S. C. E., 6:30 p. m.; evening service, 7:30 p. m.; preaching, 11 a. m. Morning: "Presence of the Lord Our Great Need." Evening: "Proclamation of Liberty."

Second United Presbyterian church, East End, Rev. D. W. McQuiston, pastor—Morning service at 11; evening service at 7:30; Sunday school at 10 a. m.; Young people's meeting at 6:30 p. m.

Chester U. P. church, Rev. W. B. Gillis, pastor—Sunday school, 10 a. m.; preaching, 11 a. m. and 7:30 p. m.; Young People's Christian Union, 6:30 p. m.; prayer meeting every Wednesday evening at 7:30 o'clock.

Protestant Episcopal.

St. Stephen's Episcopal church, Rev. Edwin Weary, rector—7:30 a. m., holy communion; 9:30 a. m., Sunday school; 9:45 a. m., bible class; 11 a. m., morning services and sermon, "The Unfaithfulness of the Children of the Kingdom"; 3 p. m., missionary meeting under the auspices of the missionary society, special address by the rector; 4:30 p. m., service for baptism; 7:30 p. m., choral evensong and sermon, subject, "God and the City." Tuesday, January 26, organ recital at 8:15 p. m.

Evangelical Lutheran.

St. John's Evangelical Lutheran church, corner Third and Jackson streets, Rev. J. G. Reinartz, pastor—Divine services in German at 10:30 a. m.; in English at 7:30 p. m.; Sunday school at 2 p. m.; Luther League at 6:45 p. m.

Morning: "A Picture of the True Faith."

Evening: "Let There Be Light." Catechetical instruction Monday and Friday evenings at 7 o'clock.

Catholic.

St. Aloysius' Catholic church, Rev. T. M. Smyth, pastor. Low mass at 8 a. m.; high mass at 10 a. m.; catechism at 2:45 p. m.; benediction at 3:30 p. m.

First Baptist.

First Baptist church, Fifth street, Rev. H. H. Bawden, pastor. Sunday school at 9:45 a. m.; B. Y. P. U. at 6:30 p. m.; preaching services at 11 a. m. and 7:30 p. m.

Methodist Protestant.

Methodist Protestant church, Rev. David Jones, D. D., pastor—Preaching at 11 a. m. and 7:30 p. m.; Sunday school, 9:30 a. m.; Junior Endeavor, Christian Church.

Christian church, corner Broadway and Fifth street, Rev. J. W. Gorrell, pastor. Preaching at 11 a. m. and 7:30 p. m.; Sunday school at 9:30 a. m.; Endeavor at 6:45 p. m.

Morning: "All Things Are Pure." Evening: "A Perverted Character."

Chester Christian church, Rev. F. M. Pitman, pastor—Sunday school, 10 a. m.; preaching, 11 a. m.; Christian Endeavor, 6:30 p. m.; prayer meeting every Wednesday evening at 7:30 p. m.

Second Christian church, East End, Rev. F. M. Pitman, pastor—Sunday school, 10 a. m.; social service, 11 a. m.; Christian Endeavor, 6:30 p. m.; preaching, 7:30 p. m.; prayer meeting every Wednesday evening.

Y. M. C. A.

E. D. Moore will conduct the Sunday afternoon meeting at 4 and speak on "The Gospel of the Right Hand." Special music will be a feature.

Salvation Army.

Hall on Fourth street, between Market and Jackson. 10:30 holiness meeting; 1:30 p. m., Sunday school; 3 p. m., Hosanna; 8 p. m., Salvation.

Christian Assembly.

Services in G. A. R. hall at 10:30 a. m., 2:30 and 7:30 p. m.

Evangelist Bowman, of Moundsville, W. Va., will preach at all services.

M. P. Chapel.

M. P. Chapel, McKinley avenue—Preaching services at 7:30 p. m.; prayer meeting Wednesday evening.

Free Methodist.

Avondale street, Rev. Albert Foust, pastor. Preaching at 11 a. m. and 7:30 p. m.; Sunday school at 10 a. m.

WELLSVILLE CHURCHES.

Roman Catholic, Church of the Immaculate Conception, Rev. Father Daniel B. Crotty, rector. Celebration of mass at 8 a. m. and 10 a. m.; Sunday school at 9 a. m.; evening service at 7.

First M. E. church, Rev. J. W. Toland, pastor. Bible school at 9 a. m.; preaching by the pastor at 10:15 a. m. and 7 p. m.; class meeting at 11:45 a. m.; Junior League at 2 p. m.; Senior League at 6 p. m.

United Presbyterian church, Rev. W. M. Glasgow, pastor. Preaching at 10 a. m. and 7 p. m.; Sunday school at 11:15 a. m.; Junior Y. P. S. C. E. at 4:30 p. m.; Senior Y. P. S. C. E. at 6 p. m.

First Christian church, Rev. W. C. Prewitt, pastor. Bible school at 9 a. m.; morning service at 10:15; evening service at 7 o'clock.

First Presbyterian church, Rev. L. F. Lavery, pastor. Sunday school at 9:30 a. m.; preaching at 10:45 a. m. and 7 p. m.; Junior C. E. at 5 p. m.;

WEIGHT ON YOUR STOMACH?

There's nothing lacking from the argument that you are suffering from a disorder you don't understand.

The weight of the argument is there—pressing on your stomach—depressing your whole spirit and being. It makes you a Stomach Coward.

In trying to relieve you, many friends and some doctors are proving their stomach ignorance.

You must learn this: THERE ARE A LOT OF NERVES GOVERNING THE GASTRIC AND DIGESTIVE APPARATUS OF YOUR STOMACH. Your sluggish bowels get them out of order. The weight on Your Stomach is a Nervous Disorder.

The other symptoms you know—dyspepsia, sleeplessness, dizziness, palpitation, fits of "blues" and general nervous depression. You get dizzy and walk about in dreadful uncertainty.

You have got to fix up those stomach nerves before you can lift the weight.

Dr. Greene's Nervura Restores The Normal Stomach Condition

When you take a tablespoonful of Dr. Greene's Nervura directly before a meal, and another directly after the meal, that weight does not come down on your stomach.

In two days' time the spectre of a big dinner vanishes. You don't have to remain a slave to your stomach or to medicine. Dr. Greene's Nervura attends to the stomach, where the real distress and the real danger lie.

It may require a few days to get the stomach exactly toned, but the relief is marked from the first day.

Dr. Greene's Nervura is, without any question, the very finest remedy for bad digestion and for weakened stomachs that the world has ever known.

HE SENDS IT FREE FOR THE ASKING

Dr. J. A. Lomas of South Bend, Ind., after years of study, has recently discovered a most marvelous remedy that will cure any disease known to the medical profession. Since this well-known physician made his great discovery he has cured thousands of people suffering

from Rheumatism, Neuralgia, Kidney Troubles and all diseases caused by uric acid in the blood; all disorders of the Stomach, Liver or Bowels; completely cures Catarrh and all affections of the Throat, Lungs and other vital organs.

Weakness of any form in man or woman, as well as all Nervous Affections, Blood and Skin Diseases, yield without fail to the magic influence of this remarkable remedy.

The doctor sends this wonderful remedy free to any one who writes him, sending their name and address. If you are sick or afflicted with any disease write at once to Dr. J. A. Lomas, Dept. South Bend, Ind., stating of what you want to be cured. He will send you his new discovery by return mail, free.

He will cure you.

They All Admire

the beauty and brilliance of a room illuminated by electricity. It saves work, too, for the room will be clean and there won't be any grease or smell. The Electric Light recommends itself by its excellence.

The Ceramic City Light Co.,

177 Washington Street.

THE WEATHER

Ohio—Fair Saturday except snow along the lake; Sunday fair; fresh west winds.
Western Pennsylvania—Much colder Saturday, with snow flurries along the lake and in west portion; Sunday fair; fresh northwest winds.
West Virginia—Fair and colder Saturday, except snow in mountain districts; Sunday fair.

son house, did not take place yesterday as scheduled. The machine is completed so that it can be worked, although several alterations and improvements may be made before it is placed on the market. Already tests of it have been made, but they were not thorough enough to satisfy the inventor. The new machine, if it comes up to expectations, will turn out about 1,200 saggers a day, or as many as 10 men can make in the same length of time. The machine is now at the South Walnut street shop of the Patterson Foundry & Machine company, where the final details are being completed. Mr. Polk finds interested people nearly every day and the final tests are awaited with a great deal of interest by the trade.

ACCEPTS FINE POSITION.

W. H. Ahrendts, formerly of this city, has accepted a position with the Pottery Mining & Milling company and is in charge of the offices of the company in the First National bank building. Mr. Ahrendts, before leaving East Liverpool, was connected with the Dollar Savings bank. He is an efficient bookkeeper and a very pleasant gentleman. Heretofore there has been no sales agent or bookkeeper at the company's offices, but the enlargement of the business through an immense addition to the plant has made it necessary.

HIS SON ILL.

Bert Thompkins, a kilnman, employed in one of the Wellsville plants, left yesterday for Cincinnati upon receipt of a message that his son was seriously ill there. The message gave no particulars of the illness and Mr. Thompkins hopes to find his son improved.

POTTERY NOTES.

Charles McGuckin will return to his home in East Palestine when the Union plant closes.

Roy Risden, of the Union, will leave in a few days for Carrollton, where he has another situation.

Dick Robinson, batterout at the Union, will take a job with Bert Allison, of Cartwright's, next week.

John Crawley has taken Ed Farish's cup jigger at the china works, the latter being confined to his home with illness.

Charles G. Nelson, of the clay department at the Union, will go to Sebring when the Union closes. He has a situation there.

Miss Lillie Rigby, a finisher at the Barberton plant, came to this city a few days ago and is finishing for her brother, Lawrence Rigby, of the china works, until the Barberton strike is settled.

Fred Goppert, jiggerman at the Union, will accept a situation with a large manufacturing concern at Allegheny in a short time. He has a cousin at the plant who has found him a lucrative position.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure E. W. Grove's signature is on each box. 25c.

"DO IT TODAY."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over 35 years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

ALVIN H. BULGER'S.

When you ask for Mrs. Austin's Pan-cake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

Mention this paper.

WEIGHT ON YOUR STOMACH?

There's nothing lacking from the argument that you are suffering from a disorder you don't understand.

The weight of the argument is there—pressing on your stomach—depressing your whole spirit and being. It makes you a Stomach Coward.

In trying to relieve you, many friends and some doctors are proving their stomach ignorance.

You must learn this: THERE ARE A LOT OF NERVES GOVERNING THE GASTRIC AND DIGESTIVE APPARATUS OF YOUR STOMACH. Your sluggish bowels get them out of order. The weight on Your Stomach is a Nervous Disorder.

The other symptoms you know—dyspepsia, sleeplessness, dizziness, palpitation, fits of "blues" and general nervous depression. You get dizzy and walk about in dreadful uncertainty.

You have got to fix up those stomach nerves before you can lift the weight.

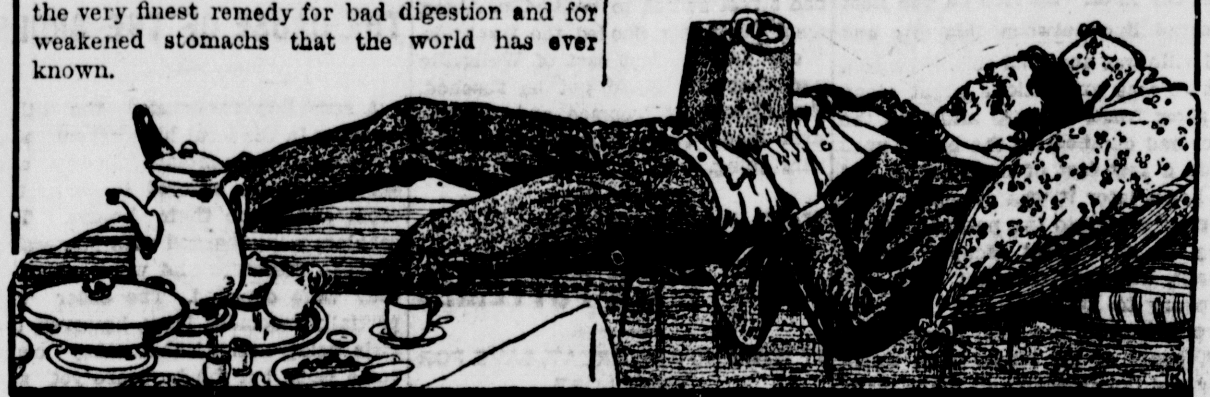

Dr. Greene's Nervura Restores The Normal Stomach Condition

When you take a tablespoonful of Dr. Greene's Nervura directly before a meal, and another directly after the meal, that weight does not come down on your stomach.

In two days' time the spectre of a big dinner vanishes. You don't have to remain a slave to your stomach or to medicine. Dr. Greene's Nervura attends to the stomach, where the real distress and the real danger lie.

It may require a few days to get the stomach exactly toned, but the relief is marked from the first day.

Dr. Greene's Nervura is, without any question, the very finest remedy for bad digestion and for weakened stomachs that the world has ever known.

To Stop the Spread of Consumption

Cure It Where It Already Exists.

It is evident that actual sufferers from Consumption are doing more for themselves than anyone else is doing for them. They are helping one another with an ardor which it is difficult for a well man to appreciate. They rightly understand that the disease is curable and feel deeply the legislation that is enacted against them.

Law enactments are poor substitutes for the medicine that will stop the smothering cough and help the consumptive to draw a full breath again. What the consumptive wants is immediate relief—and to be cured.

The work of the New York Journal in sending Frederick Hammann to Professor Hoff in Vienna to be cured of consumption started a vast organization of rescue.

After Mr. Hammann returned cured, at the suggestion of Professor Hoff he connected himself with the American Bureau of the Professor Hoff Cure for Consumption, at Tenth Street and Third Avenue, New York, which makes it possible for every one who addresses him to receive, free of charge, literature on Professor Hoff's achievements and instructions which if followed will prevent the spread of the disease and make it safe to be in contact with the consumptive patient.

Since the establishment of the American Bureau, the mortality from consumption has been decreased. The work of Boards of Health and of physicians all over America has aided in it in the same spirit that prompts widespread interest in "first aid to the injured."

The first relief belongs to the unfortunates numbered by the hundred thousands who actually have consumption, rather than to those who in the future may have it.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y. Dear Sirs—I enclose two dollars for two bottles of Prof. Hoff's Cure for Consumption. My patient seems to be doing well. Has gained nearly fifteen pounds within the last three months.

Yours truly, J. G. THOMAS, M. D., Lima, Ohio. American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y. Gentlemen—The supply of Prof. Hoff's Cure I ordered some time ago was duly received and I have been prescribing it in selected cases with very good results. I enclose a postal order for six bottles of Prof. Hoff's Consumption Cure. Yours truly, J. A. HIRSCH, M.D., Edwardsville, Ill.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y. Dear Sirs—Enclosed find money order for two dollars, for which please send two bottles of Prof. Hoff's Cure for Consumption. I am a living witness of what the Remedy will do and when I come across those that I think need it I try and induce them to try it. I have sent your pamphlets to Denver, to Phoenix, A. T. also to Hamilton, Ohio. I send for this to give it to another party to try at my expense as I am sure it will benefit her, yet she is so skeptical that I could not induce her to send for it. Yours truly, T. W. BAIRD, 632 City Park Ave., Toledo, Ohio.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third Avenue and 10th Street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the well and favorably known firm mentioned below.

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well known druggists.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great deal of honorable druggists do not stoop to substitution by selling something "just as good" that means more profit to them. The genuine Hoff cure can always be procured of the well known druggists.

Will Reed, Opera House Pharmacy, Potters Drug Store, Fourth Street.

ITS NAME IS ITS FAME

LIFE PLANT

The greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws. Do you suffer with INDIGESTION—are you distressed after eating—do you have a torpid liver—do you feel miserable—out of sorts—at variance with the world? Do the kidneys fail to perform their duty, giving backache and general lassitude? Are you all worn out? LIFE PLANT will relieve quickly and cure permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Dr. A. H. Bulger, Pastor M. E. Church of Property, O., writes under date July 10, 1900: "This pleasure, and do not hesitate to recommend Life Plant as an excellent remedy for liver and kidney difficulties. Mrs. Merchant desires to bear testimony to the healing virtue of Life Plant, as a cure and certain remedy for indigestion."

SOLD BY ALL DRUGGISTS. SENT POSTPAID TO ANY ADDRESS. Manufactured by THE LIFE PLANT CO., CANTON, O.

FOR SALE BY WILL REED, CHAS. CRAIG, THE POTTERS' DRUG CO. AND A. H. BULGER.

MISS FAY LEE,

President of the Shakespearean Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

Bearing-down pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains." They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

WINE of CARDUI. A million suffering women have found relief in Wine of Cardui.

EAST END

A GRAND MEETING OF BUCKEYE CASTLE

Golden Eagles Enjoyed Themselves And the Grand Chief Presided at Installation.

Good fellowship prevailed at the meeting of Buckeye castle, held last night in Larkins' hall and the members, who were fortunate enough to be in line for the past chief's degree were accorded the privilege of participating in the most solemn and impressive rites of the order. There was a large attendance and the evening will long remain a pleasant memory.

Grand Chief Cady, the highest officer of the state in the Knights of the Golden Eagle, was the honor guest of the evening. He came to this section Thursday to preside at the installation of the new lodge at Wellsville and accepted the urgent invitation of Buckeye castle to attend the meeting last night. Although the time was short after the acceptance of the invitation members of the castle by dint of hard work had everything in readiness for the evening, even to the details of a fine banquet, which was one of the features of the evening.

Soon after the meeting was called to order Grand Chief Cady opened the lodge for conferring the past chief's degree and the following worthy knights received it: J. K. Buckle, R. W. Laughlin, D. Frank White, Charles Hanley, Jr., Ed McElhinney and John Hardman.

District Deputy W. J. Courtney and T. W. McCain, who were present, had been given the degree at the meeting of the grand lodge last summer.

Several candidates were given the second degree, after which there were a number of addresses for the good of the order. The banquet, which was nicely appointed, was enjoyed by all.

NO CLUE FOUND TO JEWELRY THIEF

The Robbery at Buckle's Suggests the Need of Additional Police Protection.

Although there are suspicions as to the identity of the burglars who robbed Buckle's jewelry store of more than \$100 worth of valuables Thursday night there is nothing as yet that will lead to any arrest being made. Several small clues left by the burglars will be followed up in the hope that the crime can be brought home to them.

The exclusive publication of the details of this burglary in the News Review last evening caused a great deal of comment. It is the general opinion that the East End police force should be reinforced, as it is an impossibility for one man to control the entire East End. At least one additional officer should be provided by the safety board.

The proprietor of the jewelry store, J. M. Buckle, is congratulating himself that he escaped so luckily, although the loss is not a small one. Near the tray of rings taken by the robbers was a tray of diamonds several times the value of the articles taken. Had the robbers been so inclined they could have secured \$1,000 worth of articles of jewelry. Mr. Buckle is taking precautions to guard against a repetition of the affair.

Crippled Car Service.

The patrons of the United Power company did not complain very much on the service that was given them today, under the circumstances. The cars ran at regular intervals from Supt. Thomas' residence to the upper end and issued transfers from that point to the city and Wellsville. A number of new cars were taken from the power house barn and placed in a safe position on the tracks.

Captured a Barge.

Isaac Riley, William Price and Charles Finney after an exciting time captured a large sand barge. The men had all they could do to secure the prize and it was thought more than once the barge would get away from them. It was towed to Riley's landing. The barge is a new boat and belongs to the Alvin Sand company of Pittsburg.

EAST END AFFAIRS.

Miss Agnes Young, of Pennsylvania avenue, left this morning on a visit to friends at Braddock, Pa.

The 15-month-old son of Oliver Green, of Virginia avenue, succumbed to a severe illness of five months' duration last night. The remains will be taken to Toronto for interment on Monday.

Smokers' Delight

In every ounce of tobacco and cigars we sell—reason why, we keep brands you want for a cool sweet smoke. Satisfaction to the smoker and we take pride in "selling to suit."

IN LABOR'S INTEREST

Several Important Measures Will Be Introduced in Ohio Assembly Soon.

TO ABOLISH CONVICT LABOR

Senator Pollock Is Drafting Bill Intended to Prevent Them from Competing With Workmen on the Outside—Commission to Investigate.

Columbus, O., Jan. 23.—A bill to abolish convict labor is being prepared by Senator Pollock. The proposed measure has the endorsement of the American Federation of Labor. It provides for the appointment by the governor of a commission of three to investigate conditions in the various state institutions with a view to placing all the convicts in the Ohio penitentiary and the inmates of the Mansfield reformatory upon work which will contribute to the support of all state institutions. The remuneration for the members of the commission has not yet been fixed.

The executive board of the Ohio Federation of Labor has endorsed the Cleveland building code and has recommended the introduction of a bill to provide for an eight-hour working day in the same general manner as the Kansas eight-hour law.

The board also expressed itself as being in favor of a school code to provide for small boards of education elected at large and a minimum wage scale for teachers of \$40 per month. They also advocate police powers for workshop inspectors; the child labor law and all laws having for their object the safety of workmen.

The legislature adjourned until Monday.

BANK PRESIDENT CONVICTED.

Found Guilty of Misrepresenting the Concern's Condition.

Trenton, N. J., Jan. 23.—Albert C. Twining, former president of the Jersey First National bank of Asbury Park, was convicted of making false certificates as to the bank's condition. The minimum penalty is five years and the maximum 10 years. Twining has already been convicted in Monmouth county on a charge of misusing the funds of an estate and has been out on bail pending an appeal of this case to the higher state courts.

Twining will be called into court for sentence next week.

Memorial Service for Victoria. London, Jan. 23.—On the third anniversary of the death of Queen Victoria there was the usual memorial service at Frogmore, which was attended by the king and Queen Alexandra and other members of the royal family.

Celebrates 102d Birthday.

Beloit, Wis., Jan. 23.—Mrs. Mary A. Hunt of this city is 102 years old and is in full possession of her faculties. She was born in Gorham, N. Y.

COSHOCTON'S UNION.

The pottery workers of Coshocton have organized by electing the following officers: President, George Young; vice president, Frank Reed; recording secretary, Miss Clark; financial secretary, Ed Fagles; treasurer, Joseph Mulford.

T. J. Duffy, president of the National Brotherhood of Operative Potters, was present and assisted in the work of organization.

COUNTY AND NEIGHBORHOOD

Isaac Davis, aged 57, a prominent citizen of . . . inona, is dead.

Thomas Scanlon, aged 59, was struck and killed by a train at New Castle.

Michael McGinnis, a Sobring potter, had his knee dislocated by a fall on the ice.

A. L. Brinker, who committed suicide in Pittsburg, formerly managed a stock exchange at Beaver Falls.

The Stark Electric railway is to be extended to Brady's Lake, via Marlboro, New Baltimore, Rootstown and Ravenna.

Governor Samuel W. Pennypacker has granted a charter to the Grand Hotel company, of Beaver Falls, capital, \$75,000.

The biennial state convention of the Ohio Young Men's Christian association will be held in Columbus, February 25 to 28.

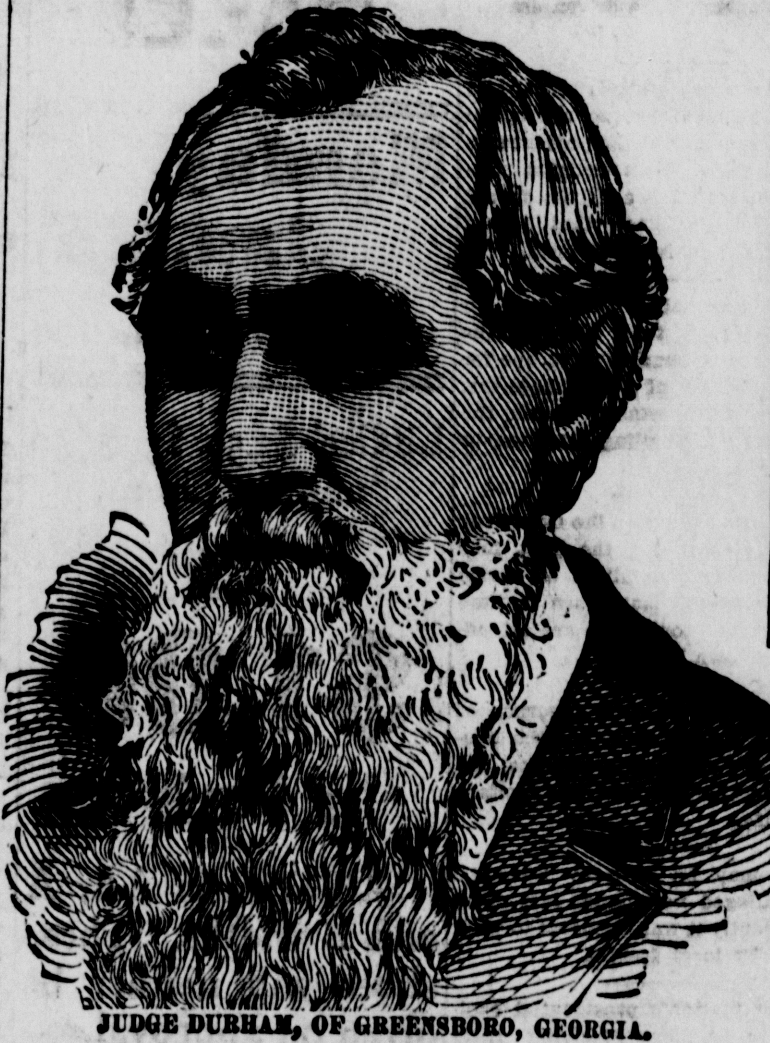

Tallio Amerilla was fatally stabbed in an Italian boarding house at Steubenville by Costi Delasnonardus. The latter escaped.

The family of Robert McKelvy, of Key, a small hamlet near Bellaire, were fired on from ambush while returning from church. None of the family was injured.

Mrs. Florence Calvin Reed, a Pittsburg stenographer, has begun suit for divorce from her husband, Walter S. Reed, on statutory grounds in the courts at Youngstown.

Massillon has passed an ordinance that there shall be no wine rooms in the saloons with doors or screens in front of them. The rooms are not prohibited, just so the doors are taken off the hinges and set against the wall.

A GEORGIA JUDGE WAS ALARMINGLY AFFLICTED WITH CATARRH OF THE LUNGS. CURED BY PE-RU-NA.

JUDGE DURHAM, OF GREENSBORO, GEORGIA.

Catarrh of the Lungs the First Stage of Consumption.

So All Medical Authorities Agree.

Judge Durham, a well-known local Judge of Greensboro, Ga., had an experience with Peruna well worth reciting. A report had become current among the Judge's friends that he was threatened with consumption. It was feared for a time that Georgia was to lose one of its most prominent and influential citizens.

It was also reported that the Judge had failed to get any relief from any of the medical aid at his command, that he had made use of the now world famous

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

Ask Your Druggist for a free Peruna Almanac for 1904.

remedy, Peruna, and made a prompt recovery. The affair created quite a sensation in medical circles especially, and the many friends of Judge Durham were not only exceedingly gratified at his recovery, but were enthusiastic in their praises of the remedy that had brought him relief.

The following written statement from the Judge himself set forth the facts:

Greensboro, Ga., March 3, 1900. "Some time ago I contracted a severe cold which settled on my lungs and in my head. I tried many remedies, all of which gave me no relief. I concluded that my case was catarrh of the head and lungs, and seeing Peruna so highly recommended I began using it, experiencing the very best results from the first bottle.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

"I continued using Peruna for a short while, and have never felt the least symptoms of catarrh since. Peruna is certainly a good medicine, and deserves the highest praise which is given it by the general public."

Judge Durham has been Secretary and Treasurer of the city of Greensboro, Ga., for the past three years, and has been a local judge for ten years.

Dread Consumption.

There are three roads which lead from health to consumption. Over one of these roads pass all of that great multitude of people who die every year of consumption. Each route begins with health and happiness and ends with disease and death.

First road: a slight cold—neglected—settles in the head or throat—chronic catarrh—extends to the lungs—consumption—death.

Second road: a slight cold—neglected—settles in the lungs—cough gradually growing worse—consumption—death.

Third road: a cold—neglected—settles in the throat—hoarseness—short breath—consumption—death.

Thousands have just started on one of these roads, all of whom could be easily cured by Peruna. Thousands more are half way to the fatal end of one of these roads who are still curable by a course of treatment by Peruna. Yet other thousands are near the end whose last days could be made bearable and hope of recovery more probable by commencing Peruna without delay.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

To Stop the Spread of Consumption

Cure It Where It Already Exists.

It is evident that actual sufferers from Consumption are doing more for themselves than anyone else is doing for them. They are helping one another with an ardor which it is difficult for a well man to appreciate. They rightly understand that the disease is curable and feel deeply the legislation that is enacted against them.

Law enactments are poor substitutes for the medicine that will stop the smothering cough and help the consumptive to draw a full breath again. What the consumptive wants is immediate relief—and to be cured.

The work of the New York Journal in sending Frederick Hammann to Professor Hoff in Vienna to be cured of consumption started a vast organization of rescue.

After Mr. Hammann returned cured, at the suggestion of Professor Hoff he connected himself with the American Bureau of the Professor Hoff Cure for Consumption, at Tenth Street and Third Avenue, New York, which makes it possible for every one who addresses him to receive, free of charge, literature on Professor Hoff's achievements and instructions which if followed will prevent the spread of the disease and make it safe to be in contact with the consumptive patient.

Since the establishment of the American Bureau, the mortality from consumption has been decreased. The work of Boards of Health and of physicians all over America has aided in it in the same spirit that prompts widespread interest in "first aid to the injured."

The first relief belongs to the unfortunate numbered by the hundred thousands who actually have consumption, rather than to those who in the future may have it.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Dear Sirs—Enclose two dollars for two bottles of Prof. Hoff's Cure for Consumption. My patient seems to be doing well. Has gained nearly fifteen pounds within the last three months. Yours truly, J. G. THOMAS, M.D., Lima, Ohio.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Dear Sirs—The supply of Prof. Hoff's Cure I ordered some time ago was duly received and I have been prescribing it in selected cases with very good results. I enclose a postal order for six more bottles of Prof. Hoff's Consumption Cure. Yours truly, J. A. HIRSCH, M.D., Edwardsville, Ill.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Dear Sirs—Enclosed find money order for two dollars, for which please send two bottles of Prof. Hoff's Cure for Consumption.

I am a living witness of what the Remedy will do and when I come across those that I think need it I try and induce them to try it. I have sent your pamphlets to Denver, to Phoenix, A. T., and to Hamilton, Ohio. I send for this to give it to another party to try at my expense as I am sure it will benefit her, yet she is so skeptical that I could not induce her to send for it. Yours truly, T. W. BAIRD, 522 City Park Ave., Toledo, Ohio.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third Avenue and 10th Street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the well and favorably known firm mentioned below.

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well known druggists.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great body of honorable druggists do not stoop to substitution by selling something "just as good" that means more profit to them. The genuine Hoff cure can always be procured of the well-known druggists.

Will Reed, Opera House Pharmacy,
Potters Drug Store, Fourth Street.

ITS NAME IS ITS
FAME
LIFE PLANT

THE greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws.

Do you suffer with INDIGESTION—are you distressed after eating—do you feel that you are not getting any benefit from your food—do you feel that your liver is not performing its duty, giving backache and general lameness? Are you all worn out?

LIFE PLANT will relieve quickly and permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Rev. A. R. Workman, Pastor M. E. church at Poplar, O., writes under date July 10, 1903: "I have pleasure, and do not hesitate to recommend Life Plant as an excellent remedy for liver and kidney difficulties. Mrs. Marchant writes in her testimony to the healing virtues of Life Plant, as a cure and certain remedy for indigestion."

SOLE BY ALL DRUGGISTS.
SENT POSTPAID TO ANY ADDRESS.
Manufactured by THE LIFE PLANT CO., CANTON, O.

FOR SALE BY WILL REED, CHAS. CRAIG, THE POTTERS' DRUG CO.
AND A. H. BULGER.

MISS FAY LEE,
President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that it now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting strain. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

A million suffering women have found relief in Wine of Cardui.

WINE of CARDUI

EAST END A GRAND MEETING OF BUCKEYE CASTLE

Golden Eagles Enjoyed Themselves
And the Grand Chief Presided
at Installation.

Good fellowship prevailed at the meeting of Buckeye castle, held last night in Larkins' hall and the members, who were fortunate enough to be in line for the past chief's degree were accorded the privilege of participating in the most solemn and impressive rites of the order. There was a large attendance and the evening will long remain a pleasant memory.

Grand Chief Cady, the highest officer of the state in the Knights of the Golden Eagle, was the honor guest of the evening. He came to this section Thursday to preside at the installation of the new lodge at Wellsville and accepted the urgent invitation of Buckeye castle to attend the meeting last night. Although the time was short after the acceptance of the invitation members of the castle by dint of hard work had everything in readiness for the evening, even to the details of a fine banquet, which was one of the features of the evening.

Soon after the meeting was called to order Grand Chief Cady opened the lodge for conferring the past chief's degree and the following worthy knights received it: J. K. Buckle, R. W. Laughlin, D. Frank White, Charles Hanley, Jr., Ed McElhinney and John Hardman.

District Deputy W. J. Courtney and T. W. McCain, who were present, had been given the degree at the meeting of the grand lodge last summer.

Several candidates were given the second degree, after which there were a number of addresses for the good of the order. The banquet, which was nicely appointed, was enjoyed by all.

NO CLUE FOUND TO JEWELRY THIEF

The Robbery at Buckle's Suggests the
Need of Additional Police
Protection.

Although there are suspicions as to the identity of the burglars who robbed Buckle's jewelry store of more than \$100 worth of valuables Thursday night there is nothing as yet that will lead to any arrest being made. Several small clues left by the burglars will be followed up in the hope that the crime can be brought home to them.

The exclusive publication of the details of this burglary in the News Review last evening caused a great deal of comment. It is the general opinion that the East End police force should be reinforced, as it is an impossibility for one man to control the entire East End. At least one additional officer should be provided by the safety board.

The proprietor of the jewelry store, J. M. Buckle, is congratulating himself that he escaped so luckily, although the loss is not a small one. Near the tray of rings taken by the robbers was a tray of diamonds several times the value of the articles taken. Had the robbers been so inclined they could have secured \$1,000 worth of articles of jewelry. Mr. Buckle is taking precautions to guard against a repetition of the affair.

Crippled Car Service.

The patrons of the United Power company did not complain very much on the service that was given them today, under the circumstances. The cars ran at regular intervals from Supt. Thomas' residence to the upper end and issued transfers from that point to the city and Wellsville. A number of new cars were taken from the power house barn and placed in a safe position on the tracks.

Captured a Barge.

Isaac Riley, William Price and Charles Finney after an exciting time captured a large sand barge. The men had all they could do to secure the prize and it was thought more than once the barge would get away from them. It was towed to Riley's landing. The barge is a new boat and belongs to the Alvin Sand company of Pittsburg.

EAST END AFFAIRS.

Miss Agnes Young, of Pennsylvania avenue, left this morning on a visit to friends at Braddock, Pa.

The 15-month-old son of Oliver Green, of Virginia avenue, succumbed to a severe illness of five months' duration last night. The remains will be taken to Toronto for interment on Monday.

Smokers' Delight

In every ounce of tobacco and cigar we sell—reason why, we keep brands you want for a cool sweet smoke. Satisfaction to the smoker and we take pride in "selling to suit."

IN LABOR'S INTEREST

Several Important Measures
Will Be Introduced in
Ohio Assembly Soon.

TO ABOLISH CONVICT LABOR

Senator Pollock is Drafting Bill Intended to Prevent Them from Competing With Workmen on the Outside—Commission to Investigate.

Columbus, O., Jan. 23.—A bill to abolish convict labor is being prepared by Senator Pollock. The proposed measure has the endorsement of the American Federation of Labor. It provides for the appointment by the governor of a commission of three to investigate conditions in the various state institutions with a view to placing all the convicts in the Ohio penitentiary and the inmates of the Mansfield reformatory upon work which will contribute to the support of all state institutions. The remuneration for the members of the commission has not yet been fixed.

The executive board of the Ohio Federation of Labor has endorsed the Cleveland building code and has recommended the introduction of a bill to provide for an eight-hour working day in the same general manner as the Kansas eight-hour law.

The board also expressed itself as being in favor of a school code to provide for small boards of education elected at large and a minimum wage scale for teachers of \$40 per month. They also advocate police powers for workshop inspectors; the child labor law and all laws having for their object the safety of workmen.

The legislature adjourned until Monday.

BANK PRESIDENT CONVICTED.

Found Guilty of Misrepresenting the Concern's Condition.

Trenton, N. J., Jan. 23.—Albert C. Twining, former president of the Junction First National bank of Asbury Park, was convicted of making false certificates as to the bank's condition. The minimum penalty is five years and the maximum 10 years. Twining has already been convicted in Monmouth county on a charge of misusing the funds of an estate and has been out on bail pending an appeal of this case to the higher state courts.

Twining will be called into court for sentence next week.

Memorial Service for Victoria.

London, Jan. 23.—On the third anniversary of the death of Queen Victoria there was the usual memorial service at Frogmore, which was attended by the king and Queen Alexandra and other members of the royal family.

Celebrates 102d Birthday.
Beloit, Wis., Jan. 23.—Mrs. Mary A. Hunt of this city is 102 years old and is in full possession of her faculties. She was born in Gorham, N. Y.

COSHOCKTON'S UNION.

The pottery workers of Coshocton have organized by electing the following officers: President, George Young; vice president, Frank Reed; recording secretary, Miss Clark; financial secretary, Ed Eagles; treasurer, Joseph Mulford.

T. J. Duffy, president of the National Brotherhood of Operative Potters, was present and assisted in the work of organization.

COUNTY AND NEIGHBORHOOD

Isaac Davis, aged 57, a prominent citizen of . . . is dead.

Thomas Scanlon, aged 59, was struck and killed by a train at New Castle.

Michael McGinnis, a Sebring potter, had his knee dislocated by a fall on the ice.

A. L. Brinker, who committed suicide in Pittsburg, formerly managed a stock exchange at Beaver Falls.

The Stark Electric railway is to be extended to Brady's Lake, via Marlboro, New Baltimore, Rootstown and Ravenna.

Governor Samuel W. Pennypacker has granted a charter to the Grand Hotel company, of Beaver Falls, capital, \$75,000.

The biennial state convention of the Ohio Young Men's Christian association will be held in Columbus, February 25 to 28.

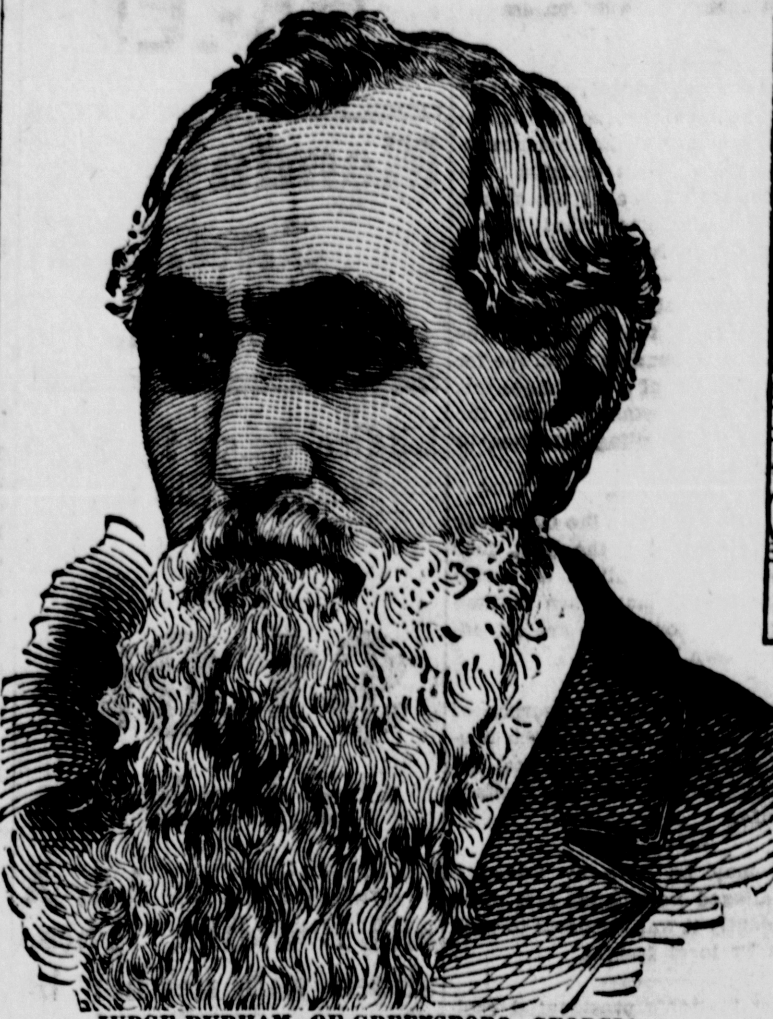

Tallio Amerilla was fatally stabbed in an Italian boarding house at Steubenville by Costi Delsanordus. The latter escaped.

The family of Robert McKelvy, of Key, a small hamlet near Bellaire, were fired on from ambush while returning from church. None of the family was injured.

Mrs. Florence Calvin Reed, a Pittsburg stenographer, has begun suit for divorce from her husband, Walter S. Reed, on statutory grounds in the courts at Youngstown.

Massillon has passed an ordinance that there shall be no wine rooms in the saloons with doors or screens in front of them. The rooms are not prohibited, just so the doors are taken off the hinges and set against the wall.

A GEORGIA JUDGE WAS ALARMINGLY AFFLICTED WITH CATARRH OF THE LUNGS. CURED BY PE-RU-NA.

JUDGE DURHAM, OF GREENSBORO, GEORGIA.

Catarrh of the Lungs the First Stage of Consumption.

So All Medical Authorities Agree.

Judge Durham, a well-known local Judge of Greensboro, Ga., had an experience with Peruna well worth reciting. A report had become current among the Judge's friends that he was threatened with consumption. It was feared for a time that Georgia was to lose one of its most prominent and influential citizens. It was also reported that the Judge had failed to get any relief from any of the medical aid at his command, that he had made use of the now world famous

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

Ask Your Druggist for a free Peruna Almanac for 1904.

"I continued using Peruna for a short while, and have never felt the least symptoms of catarrh since. Peruna is certainly a good medicine, and deserves the highest praise which is given it by the general public."

Judge Durham has been Secretary and Treasurer of the city of Greensboro, Ga., for the past three years, and has been a local Judge for ten years.

Bread Consumption.

There are three roads which lead from health to consumption. Over one of these roads pass all of that great multitude of people who die every year of consumption. Each route begins with health and happiness and ends with disease and death.

First road: a slight cold—neglected—settles in the head or throat—chronic catarrh—extends to the lungs—consumption—death.

Second road: a slight cold—neglected—settles in the lungs—cough gradually growing worse—consumption—death.

Third road: a cold—neglected—settles in the throat—hoarseness—short breath—consumption—death.

Thousands have just started on one of these roads, all of whom could be easily cured by Peruna. Thousands more are half way to the fatal end of one of these roads who are still curable by a course of treatment by Peruna. Yet other thousands are near the end whose last days could be made bearable and hope of recovery more probable by commencing Peruna without delay.

SATURDAY, JANUARY 23, 1904.

Secretary Cortelyou, of the depart-
 ment of commerce, has an idea that is
 worth encouraging. He favors the ap-
 pointment of a commission of fifteen
 to twenty business men of experience
 and high standing, to be sent to South
 America and Asia, to investigate trade
 conditions and to report as to the
 means best adapted, in their judg-
 ment, to extend American commerce.
 The nation has a good corps of con-
 suls, but the most of them are men
 without business training. They have
 not had years of experience in manu-
 facturing and exporting goods to other
 countries. Our consuls are doing ex-
 cellent work, as their reports testify.
 But Secretary Cortelyou reasons, and
 correctly, that trained experts will see
 many points that do not come under
 the observation of our consuls; and
 would discover methods of getting in-
 to touch with the peculiar demands
 and prejudices of the people of each
 country. It may be hastily suggested
 that the government should choose
 only business men of training and ex-
 perience for consular positions. No
 doubt it would be a good thing; but
 they can not be had. A man with the
 technical and business knowledge to
 make an ideal and most effective con-
 sul can not afford to accept such a
 position. The salary is too small. He
 can do much better, and need not ex-
 patriate himself, and drop out of touch
 with his business connections, which
 will prove increasingly valuable to
 him in the future. Secretary Cortelyou's
 suggestion should command the support
 of all who desire to see our
 foreign trade promoted in the most
 effective and profitable manner.

"To double the circulation of a news-
 paper," says Henry Harrison Lewis
 in Success, "is like the capturing of an
 enemy's entire army or the sinking

of a hostile fleet." It is something of
 a feat, sure enough. But what would
 Mr. Lewis say to quadrupling circula-
 tion in less than three years, as the
 News Review has done? No wonder
 its jealous enemies are driven desper-
 ate.

The house committee on rivers and
 harbors concludes that no appropri-
 ations are necessary at the present ses-
 sion of congress. This decision em-
 phasizes the fact that congress should
 have a river committee that knows
 something about river interests.

It was inexcusable remissness on
 somebody's part that allowed the
 street railway companies to escape for
 years the payment of a legitimate tax.
 The public will certainly thank the
 News Review for calling attention to the
 oversight.

Judging from the way the Crisis cur-
 has been yelping for the past four
 days, somebody has hit it an awful
 kick. The animal may learn in time
 not to bark at people who are attend-
 ing to their own business.

Such men as the new governor of
 Mississippi, who insists that the edu-
 cation of the negro is a mistake, are
 obstructing the progress and welfare
 of the south.

"Flood may be here by Sunday,"
 said an alleged newspaper last even-
 ing. Evidently it was expected to walk
 or travel by local freight.

Senator Gorman's presidential aspi-
 rations are just now receiving little
 encouragement outside of the republic
 of Colombia.

Our city financiers should do some
 more looking around. They may dis-
 cover other debts uncollected.

There is a lot of good ice going to
 waste.

OBITUARY

Eli Fawcett.

Eli Fawcett, one of the oldest citi-
 zens of Columbiana county, died
 Thursday evening at his home near
 Salem. Had he lived until yesterday
 he would have reached his 86th birth-
 day. Mr. Fawcett lived near Salem
 all his life and was highly respected.
 No arrangements will be made for the
 funeral until a daughter who lives in
 Colorado reaches home. A wife and
 several children survive.

Margaret Pattison.

Margaret, the four-weeks-old daugh-
 ter of Mr. and Mrs. Paul Pattison, of
 Calcutta street, died at 8 o'clock this
 morning. The funeral will be held
 Monday at 10 o'clock, Rev. Dr. Jones
 officiating. Burial will be made at
 Riverview.

May Lee.

The funeral of May, the four-year-
 old daughter of Mr. and Mrs. Isaac
 Lee, of California Hollow, who died
 at her home of pneumonia, resulting
 from whooping cough, was held at the
 home by Mr. Hodgson. The interment
 was made in Riverview cemetery.

Samuel Stenger.

Samuel Stenger, aged 70, died yes-
 terday at Mechanicstown, Carroll
 county, where he was a highly es-
 teemed resident. He leaves a widow
 and seven children. He was the
 father of R. G. Stenger, employed by
 Trotter & Son in this city.

FRIENDS AND VISITORS

J. H. Dawson will go to Steubenville
 tomorrow to attend the funeral of his
 nephew, Frank D. Eagan, aged 19, who
 died suddenly in that city.

Harry Skelton, of Fairview street,
 is able to be out after being laid up
 for several days as the result of se-
 vere injuries received by a fall on the
 ice.

AT THE THEATER

The love element of the play, "For
 Her Children's Sake," which comes to
 the Grand tonight under the manage-
 ment of Sullivan, Harris & Woods, is
 dominant. The vagaries of courtship
 are followed with a story charged with
 vivid local color, and whether it is the
 true New York, or merely true of New
 York, it makes a very interesting play.
 It is a rather pathetic study of a very
 human life with its bright and red-
 eeming moments. Too much cannot
 be said in praise of Sullivan, Harris

DIAMOND.

& Woods for their generous and lav-
 ish manner of staging the production
 and for the company they have en-
 gaged to present the piece.

Commencing next Monday night the
 E. V. Phelan stock company begin a
 week's engagement here at popular
 prices, and an excellent list of plays
 is announced. Opening on Monday
 night with "The Planter's Wife," fol-
 lowed by "On the Wabash," "The Still
 Alarm," "The Road to Ruin," "Resur-
 rection," "Led Astray," "Humbly" and
 "Her Mother's Sin," which conclude a
 list of well known and popular dramas
 that represent a considerable amount
 in royalties each week. In addition
 to the dramatic portion of the enter-
 tainment, numerous specialties are in-
 troduced and the vaudeville part of
 the program is said to be alone worth
 the price of admission.

Mary Emerson was a pretty forest
 nymph, a handsome court lady and a
 determined and brave courtier in the
 stirring drama, "His Majesty and the
 Maid," presented at the Grand last
 night. Miss Emerson is certainly a
 finished actress and her work delight-
 ed the audience. The play was very
 handsomely staged and costumed.

DENY RESPONSIBILITY.

Managers of Iroquois Theater Testify
 at Coroner's Inquest.

Chicago, Jan. 23.—Will J. Davis and
 Harry J. Powers, managers of the Iro-
 quois theater, made their appearance
 before the coroner's jury and neither
 was disposed to accept any responsi-
 bility in connection with defective
 construction, faults of management or
 neglect to provide proper fire protec-
 tion. Mr. Powers placed the blame
 for the fire and the consequent loss of
 life upon Mr. Davis, who, he said,
 was the active manager, while he was
 but passive in the conduct of its af-
 fairs, and also upon the employees who
 did not perform their full duty.
 Mr. Davis refused to place the blame
 upon any particular persons, but said
 he had confidence that the employees
 of the theater would attend to their
 business properly, and he also be-
 lieved that the Fuller Construction
 company would erect the building in
 compliance with the city ordinances.
 Personally, he said, he knew nothing
 whatever of what the laws demanded
 in the construction of a theater, al-
 though he had been managing the-
 aters in Chicago for 20 years. He had
 a general knowledge of what was nec-
 essary, but he had never read the city
 laws covering the construction and
 operation of theaters.

HANNA ON SOCIALISM

President of Civic Federation
 Outlines His Life's Work
 and Object.

AIMS AT INDUSTRIAL PEACE

Maintains Right of Workmen to Or-
 ganize and Urges Capital to Deal
 Justly by Labor—Fair Division of
 Profits is Essential.

Boston, Jan. 23.—Senator Marcus A.
 Hanna of Ohio contributes to the Feb-
 ruary number of the National Maga-
 zine an article on "Socialism and the
 Labor Unions." It embodies the con-
 clusions drawn by Senator Hanna
 from his experience in business and
 politics and in a measure outlines his
 life work and indicates his personal
 ambition. Senator Hanna writes:

"There is no more engrossing ques-
 tion than that of the relation between
 labor and capital, which seems the
 paramount issue today. The instinct
 of workmen to band together to pro-
 tect themselves is no more to be
 wondered at than the same instinct
 when shown on the part of capital.
 Now, my plan is to have organized
 union labor Americanized in the best
 sense and thoroughly educated to an
 understanding of its responsibilities,
 and in this way to make it the ally of
 the capitalist, rather than a foe with
 which to grapple.

"It is often asked what is to become
 of the non-organized consumer if an
 amicable alliance is made between
 labor and capital. But every man be-
 longs either to the one or the other
 group—for that matter, he is likely
 to belong to both.

"I took some time to consider the
 work of the Civic Federation and am
 firmly convinced that it is the object
 to which I desire to concentrate the
 remaining years of my life. I fully
 appreciate that it is a long struggle,
 but the progress already made under
 the motto of the Civic Federation—the
 golden rule—has surpassed even my
 most sanguine expectations; and I
 am sure that the American people
 will sustain a policy based upon the
 highest moral and social impulses
 which will eliminate the prejudices
 that now exist between capital and
 labor.

"Until within a comparatively few
 years big capitalists have had the ad-
 vantage, because there were more
 workmen than there was work. But
 conditions have changed, and for every
 workman, on an average, there are
 two jobs now in the heyday of our
 prosperity, and it is expecting too
 much of human nature to suppose that
 workmen shall not desire a larger
 share of the profits.

"No one who is acquainted with
 union labor for the past five years can
 fail to recognize the wonderful ad-
 vancement that has been made in con-
 servative, cool-headed and thoroughly
 practical management of these mat-
 ters by the workmen themselves.

"Labor organizations may be open
 to sharp criticism at times, but it can-
 not be fairly stated that they are al-
 ways wrong. If every man is treated
 as a man and an appeal made to his
 heart as well as to his reason, it will
 establish a bond of confidence as a
 sure foundation to build upon. While
 labor unions may have been a curse
 to England, I believe that they will
 prove a boon to our own country when
 a proper basis of confidence and re-
 spect is established.

"The menace, as I see it, is the spread
 of a spirit of socialism, one of those
 things which is only half understood
 and is used to inflame the popular
 mind against all individual initiative
 and personal energy, which has been
 the very essence of American pro-
 gress. There is a spirit of co-operation
 or community of interests which some
 people may confound with Socialism,
 that is making headway with us, but
 when any one attempts, for political
 or financial reasons, to advocate the
 whole program of European Socialism,
 he will find little prospect of the seeds
 taking root in American soil. This, I
 think, was demonstrated very con-
 clusively in the Ohio campaign, where
 higher socialism was brought forth as
 an issue.

"Fairness and justice will never
 agree to the confiscation of the prod-
 ucts of one man's toil in order to in-
 sure comfort to the idle and worth-
 less. No 'ism' is wanted by the Amer-
 ican people that will take from any
 citizen the just and equitable reward
 of his labor. Both capital and labor
 must yield in time to the great law
 of fair dealing, man to man. I wish
 I could impress upon every American
 the individual responsibility that rests
 upon each one of us. Every year of
 experience, every dollar of accumulat-
 ed capital, every talent we possess
 should be regarded as a sacred charge
 for the good of the nation, to help in
 uniting the interests of rich and poor,
 learned and unlearned."

ACTOR KILLS HIMSELF

IN DRAMATIC FASHION.
 Columbus, O., Jan. 23.—Ned Howard
 Fowler, leading man of the Empire
 theater stock company, shot and killed
 himself in the presence of his wife,
 Laura Nelson Hall, whom he married
 since they came here with the stock
 organization, and Dr. Starling Wilcox,
 who had been called to attend him.
 Nervousness is assigned as the cause
 due to overwork.

JAPANESE ATTACKED.

Crisis in Korean Capital is Daily Be-
 coming More Acute.
 London, Jan. 23.—A dispatch from
 Seoul, Korea, says Japanese railway
 men have been attacked by Koreans
 at several points along the Seoul-
 Fusan railway and that the Korean
 authorities have been notified that un-
 less they prevent a recurrence of
 these disorders necessary measures to
 do so will be taken by Japanese
 troops.

A Shanghai dispatch says: "The
 dowager empress of China is alive to
 the peril threatening China as a result
 of the Russo-Japanese crisis and has
 determined to fight for the freedom of
 Manchuria from foreign control. The
 leading statesmen have been convinced
 that any other policy would be tanta-
 mount to dynastic suicide, as the dis-
 honor of the ancestral tombs, implied

MINISTER ALLEN.
 He is vigilantly guarding American interests
 in Seoul, the turbulent capital of Korea.

by foreign domination, would be un-
 pardonable in the eyes of the Chinese,
 and unless a vigorous effort is made
 to reassert Manchu authority the
 Taipings and Kolashul will attempt to
 restore the Ming dynasty, with the
 result of the complete destruction of
 China.

The dowager has been informed
 that some of the foreign powers are
 willing to give the Manchus an oppor-
 tunity of rehabilitating themselves,
 even to the extent of aiding them by
 force, if necessary, provided the Man-
 chu government is sincerely favorable
 to reform. The Russian minister at
 Peking is convinced that in the event
 of war China will be forced to partici-
 pate, with the result that the whole
 world will become involved.

MANY BILLS PASSED.

Senate Asks President for More In-
 formation About Panama.
 Washington, Jan. 23.—The house
 passed 209 pension bills and also resolu-
 tions calling on the secretary of war
 and the attorney general for infor-
 mation as to the number of horses and
 carriages maintained at government
 expense for officers of these respec-
 tive departments. A bill permitting
 the withdrawal of duty free from the
 St. Louis exposition of articles do-
 nated to religious, scientific, educa-
 tional or literary institutions also
 passed.

The senate adopted the resolution
 of inquiry concerning affairs in Pan-
 ama, introduced by Mr. Gorman, and
 listened to a speech on the Panama
 question by Mr. Dolliver and another
 on the subject of recess appointments.
 Senator Foraker presented the cre-
 dentials of Senator Hanna for the term
 of six years, beginning March 4, 1905.

city, should be delivered before 6 p. m.

SATURDAY, JANUARY 23, 1904.

Secretary Cortelyou, of the depart-
ment of commerce, has an idea that is
worth encouraging. He favors the ap-
pointment of a commission of fifteen
to twenty business men of experience
and high standing, to be sent to South
America and Asia, to investigate trade
conditions and to report as to the
means best adapted, in their judg-
ment, to extend American commerce.
The nation has a good corps of con-
suls, but the most of them are men
without business training. They have
not had years of experience in manu-
facturing and exporting goods to other
countries. Our consuls are doing ex-
cellent work, as his reports testify.
But Secretary Cortelyou reasons, and
correctly, that trained experts will see
many points that do not come under
the observation of our consuls; and
would discover methods of getting in-
to touch with the peculiar demands
and prejudices of the people of each
country. It may be hastily suggested
that the government should choose
only business men of training and ex-
perience for consular positions. No
doubt it would be a good thing; but
they can not be had. A man with the
technical and business knowledge to
make an ideal and most effective con-
sul can not afford to accept such a
position. The salary is too small. He
can do much better, and need not ex-
patriate himself, and drop out of touch
with his business connections, which
will prove increasingly valuable to
him in the future. Secretary Cortel-
you's suggestion should command the
support of all who desire to see our
foreign trade promoted in the most
effective and profitable manner.

"To double the circulation of a news-
paper," says Henry Harrison Lewis
in Success, "is like the capturing of an
enemy's entire army or the sinking

of a hostile fleet." It is something of
a feat, sure enough. But what would
Mr. Lewis say to quadrupling circula-
tion in less than three years, as the
News Review has done? No wonder
its jealous enemies are driven desper-
ate.

The house committee on rivers and
harbors concludes that no appropria-
tions are necessary at the present ses-
sion of congress. This decision em-
phasizes the fact that congress should
have a river committee that knows
something about river interests.

It was inexcusable remissness on
somebody's part that allowed the
street railway companies to escape for
years the payment of a legitimate tax.
The public will certainly thank the
News Review for calling attention to the
oversight.

Judging from the way the Crisis sur-
has been yelping for the past four
days, somebody has hit it an awful
kick. The animal may learn in time
not to bark at people who are attend-
ing to their own business.

Such men as the new governor of
Mississippi, who insists that the edu-
cation of the negro is a mistake, are
obstructing the progress and welfare
of the south.

"Flood may be here by Sunday,"
said an alleged newspaper last even-
ing. Evidently it was expected to walk
or travel by local freight.

Senator Gorman's presidential aspira-
tions are just now receiving little
encouragement outside of the republic
of Colombia.

Our city financiers should do some
more looking around. They may dis-
cover other debts uncollected.

There is a lot of good ice going to
waste.

OBITUARY

Eli Fawcett.

Eli Fawcett, one of the oldest citi-
zens of Columbiana county, died
Thursday evening at his home near
Salem. Had he lived until yesterday
he would have reached his 86th birth-
day. Mr. Fawcett lived near Salem
all his life and was highly respected.
No arrangements will be made for the
funeral until a daughter who lives in
Colorado reaches home. A wife and
several children survive.

Margaret Pattison.

Margaret, the four-weeks-old daugh-
ter of Mr. and Mrs. Paul Pattison, of
Calcutta street, died at 8 o'clock this
morning. The funeral will be held
Monday at 10 o'clock, Rev. Dr. Jones
officiating. Burial will be made at
Riverview.

May Lee.

The funeral of May, the four-year-
old daughter of Mr. and Mrs. Isaac
Lee, of California hollow, who died
at her home of pneumonia, resulting
from whooping cough, was held at the
home by Mr. Hodgson. The interment
was made in Riverview cemetery.

Samuel Stenger.

Samuel Stenger, aged 70, died yester-
day at Mechanicstown, Carroll
county, where he was a highly re-
spected resident. He leaves a widow
and seven children. He was the
father of R. G. Stenger, employed by
Trotter & Son in this city.

FRIENDS AND VISITORS

J. H. Dawson will go to Steubenville
tomorrow to attend the funeral of his
nephew, Frank D. Eagan, aged 19, who
died suddenly in that city.

Harry Skelton, of Fairview street,
is able to be out after being laid up
for several days as the result of se-
vere injuries received by a fall on the
ice.

DENY RESPONSIBILITY.

Managers of Iroquois Theater Testify
at Coroner's Inquest.

Chicago, Jan. 23.—Will J. Davis and
Harry J. Powers, managers of the Iro-
quois theater, made their appearance
before the coroner's jury and neither
was disposed to accept any responsi-
bility in connection with defective
construction, faults of management or
neglect to provide proper fire protec-
tion. Mr. Powers placed the blame
for the fire and the consequent loss of
life upon Mr. Davis, who, he said,
was the active manager, while he was
but passive in the conduct of its af-
fairs, and also upon the employees who
did not perform their full duty.

Mr. Davis refused to place the blame
upon any particular persons, but said
he had confidence that the employes
of the theater would attend to their
business properly, and he also be-
lieved that the Fuller Construction
company would erect the building in
compliance with the city ordinances.
Personally, he said, he knew nothing
whatever of what the laws demanded
in the construction of a theater, al-
though he had been managing the-
aters in Chicago for 20 years. He had

essary, but he had never read the city
laws covering the construction and
operation of theaters.

HANNA ON SOCIALISM

President of Civic Federation
Outlines His Life's Work
and Object.

AIMS AT INDUSTRIAL PEACE

Maintains Right of Workmen to Or-
ganize and Urges Capital to Deal
Justly by Labor—Fair Division of
Profits is Essential.

Boston, Jan. 23.—Senator Marcus A.
Hanna of Ohio contributes to the Feb-
ruary number of the National Maga-
zine an article on "Socialism and the
Labor Unions." It embodies the con-
clusions drawn by Senator Hanna
from his experience in business and
politics and in a measure outlines his
life work and indicates his personal
ambition. Senator Hanna writes:

"There is no more engrossing ques-
tion than that of the relation between
labor and capital, which seems the
paramount issue today. The instinct
of workmen to band together to
protect themselves is no more to be
wondered at than the same instinct
when shown on the part of capital.
Now, my plan is to have organized
union labor Americanized in the best
sense and thoroughly educated to an
understanding of its responsibilities,
and in this way to make it the ally of
the capitalist, rather than a foe with
which to grapple.

"It is often asked what is to become
of the non-organized consumer if an
amicable alliance is made between
labor and capital. But every man be-
longing either to the one or the other
group—for that matter, he is likely
to belong to both.

"I took some time to consider the
work of the Civic Federation and am
firmly convinced that it is the object
to which I desire to concentrate the
remaining years of my life. I fully
appreciate that it is a long struggle,
but the progress already made under
the motto of the Civic Federation—
the golden rule—has surpassed even
my most sanguine expectations; and
I am sure that the American people
will sustain a policy based upon the
highest moral and social impulses
which will eliminate the prejudices
that now exist between capital and
labor.

"Until within a comparatively few
years big capitalists have had the ad-
vantage, because there were more
workmen than there was work. But
conditions have changed, and for every
workman, on an average, there are
two jobs now in the heyday of our
prosperity, and it is expecting too
much of human nature to suppose that
workmen shall not desire a larger
share of the profits.

"No one who is acquainted with
union labor for the past five years can
fail to recognize the wonderful ad-
vancement that has been made in con-
servative, cool-headed and thoroughly
practical management of these mat-
ters by the workmen themselves.
"Labor organizations may be open
to sharp criticism at times, but it can-
not be fairly stated that they are al-
ways wrong. If every man is treated
as a man and an appeal made to his
heart as well as to his reason, it will
establish a bond of confidence as a
sure foundation to build upon. While
labor unions may have been a curse
to England, I believe that they will
prove a boon to our own country when
a proper basis of confidence and re-
spect is established.

"The menace, as I see it, is the spread
of a spirit of socialism, one of those
things which is only half understood
and is used to inflame the popular
mind against all individual initiative
and personal energy, which has been
the very essence of American prog-
ress. There is a spirit of co-operation
or community of interests which some
people may confound with Socialism,
that is making headway with us, but
when any one attempts, for political
or financial reasons, to advocate the
whole program of European Socialism,
he will find little prospect of the seeds
taking root in American soil. This, I
think, was demonstrated very con-
clusively in the Ohio campaign, where
higher socialism was brought forth as
an issue.

"Fairness and justice will never
agree to the confiscation of the prod-
ucts of one man's toil in order to in-
sure comfort to the idle and worth-
less. No 'ism' is wanted by the Amer-
ican people that will take from any
citizen the just and equitable reward
of his labor. Both capital and labor
must yield in time to the great law
of fair dealing, man to man. I wish
I could impress upon every American
the individual responsibility that rests
upon each one of us. Every year of
experience, every dollar of accumulat-
ed capital, every talent we possess
should be regarded as a sacred charge
for the good of the nation, to help in
uniting the interests of rich and poor,
learned and unlearned."

ACTOR KILLS HIMSELF

JAPANESE ATTACKED.

Crisis in Korean Capital Is Daily Be-
coming More Acute.

London, Jan. 23.—A dispatch from
Seoul, Korea, says Japanese railway
men have been attacked by Koreans
at several points along the Seoul-
Pusan railway and that the Korean
authorities have been notified that un-
less they prevent a recurrence of
these disorders necessary measures to
do so will be taken by Japanese
troops.

A Shanghai dispatch says: "The
dowager empress of China is alive to
the peril threatening China as a result
of the Russo-Japanese crisis and has
determined to fight for the freedom of
Manchuria from foreign control. The
leading statesmen have convinced her
that any other policy would be tanta-
mount to dynastic suicide, as the dis-
honor of the ancestral tombs, implied

MINISTER ALLEN.

He is vigilantly guarding American interests

in Seoul, the turbulent capital of Korea.

by foreign domination, would be un-
pardonable in the eyes of the Chinese,
and unless a vigorous effort is made
to reassert Manchu authority, the
Taiping and Kolashui will attempt to
restore the Ming dynasty, with the
result of the complete destruction of
China.

The dowager has been informed
that some of the foreign powers are
willing to give the Manchus an oppor-
tunity of rehabilitating themselves,
even to the extent of aiding them by
force, if necessary, provided the Man-
chu government is sincerely favorable
to reform. The Russian minister at
Peking is convinced that in the event
of war China will be forced to partici-
pate, with the result that the whole
world will become involved.

MANY BILLS PASSED.

Senate Asks President for More In-
formation About Panama.

Washington, Jan. 23.—The house
passed 209 pension bills and also res-
olutions calling on the secretary of war
and the attorney general for infor-
mation as to the number of horses and
carriages maintained at government
expense for officers of these respec-
tive departments. A bill permitting
the withdrawal of duty free from the
St. Louis exposition of articles don-
ated to religious, scientific, educa-
tional or literary institutions also
passed.

The senate adopted the resolution
of inquiry concerning affairs in Pan-
ama, introduced by Mr. Gorman, and
listened to a speech on the Panama
question by Mr. Dolliver and another
on the subject of recess appointments.

Senator Foraker presented the cre-
dentials of Senator Hanna for the term
of six years, beginning March 4, 1905.

WELLSVILLE AND VICINITY

TOTAL AMOUNTS
OF APPROPRIATIONS

Lack of a Quorum Prevented Action on the Ordinance Last Night.

Lack of a quorum caused another delay in the passage of the Wellsville appropriation ordinance last night. Only five members of council answered the call to the special meeting, suggested last Wednesday night.

The finance committee met in the office of Solicitor Boyd yesterday afternoon, and had the ordinance prepared for council. Practically few if any changes are said to have been made in the original ordinance.

Another meeting of council is to be held Monday night, at which time another attempt will be made to pass the ordinance.

The total amounts appropriated for the various funds are: Council, \$227.50; clerk of council, \$185; mayor, \$250; auditor, \$467; treasurer, \$475; solicitor, \$425; tax commission, \$55; election expenses, \$195; legal advertising, \$125; judicial, \$1,200; board of public safety, \$200; police, \$4,105.14; fire, \$2,782.41; fire and police, telephone, \$138; board of health, \$654.37; board of public service, \$14,115.19; water works office and expenses, \$290.

It is said that in making up the appropriation no little discussion resulted on the amount that was to be allowed the board of public service.

SEWER DEMANDED

State Health Board Will Be Appealed to if Council Does Not Act.

Residents and property owners of Highland avenue propose to appeal to the state board of health if council does not take some measure to construct a sanitary sewer along that street, to the trunk sewer at the intersection of Highland avenue and Liverpool street.

J. S. Kinkade presented the matter to several councilmen Wednesday night, but no official action was taken. In the meantime Mr. Kinkade circulated a petition among the property owners of Highland avenue, and last night was ready to present it to council, had it met. The petition is signed by J. S. Kinkade, F. J. Matthews, A. Peterson, John H. Matthews, Eve McCoy, William C. Holliday, Dan A. Bunting, Richard Rairigh, W. H. Mick, John T. Perkins, William Theobald, R. H. Keay, William G. Donnett.

The petition will reach council at its next session.

KNIGHTS OF COLUMBUS

Will Install New Officers at a Meeting to Be Held Tomorrow Afternoon.

District Deputy Thomas J. Duffy, of East Liverpool, will install new officers for the Wellsville lodge, Knights of Columbus, Sunday afternoon at 2 o'clock, in their hall on Main street. A number of visiting members of the order from East Liverpool are expected at the meeting. Officers to be installed are: Grand knight, James Hayes; deputy grand knight, Frank Hassinger; financial secretary, Morris Dowling; corresponding secretary, William McSweeney; treasurer, J. E. Sattaw; warden, William J. Maloney; chancellor, D. W. Fitzgerald; chaplain, Rev. D. B. Crotty.

Wellsville Not Represented.

No representative of the Wellsville board of health attended the annual meeting of the state board of health

in Columbus this week. Dr. Tarr suggested to ex-Councilman Steiner that he make the trip, the expenses of which are paid by the board sending the representative. Steiner did not go, neither did Dr. Tarr or Dr. Parke. This is the first time in several years that the Wellsville board was not represented at the state meeting.

PHILLIPS REPORTED
TO BE IN PITTSBURG

The Absent Grocer Is Said Not to Have Gone to Canada.

Harry O. Phillips, of Second and Liverpool streets, Wellsville, who, his wife said, left for Canada a fortnight ago, is said to be in Pittsburg, instead of across the border.

Phillips is said to have owed many debts when he left the city for merchandise. The Home Bakery company, of East Liverpool, is said to have a debt of about \$75 against Phillips, and the Faulk Feed company, of Third street, is alleged to hold a bill for \$26 against him.

Mrs. Phillips a few days ago said she proposed to send one of her children to Kittanning to the home of relatives, and some business men think that Phillips will ultimately be in Kittanning.

The report that Phillips left Wellsville with a prominent young lady is false. The young lady is still in the city, and has not been absent from home for a month.

Believes in Decorum.

Mayor Fogo does not like to see people sit in council chamber with their feet on the large table. This fact he made known last night. Patrolman Elliott was sitting in one of the easy chairs with his feet resting on the table, talking to another city official. Mayor Fogo came from his private office, noticed Elliott with his feet on the table, and ordered him to take them down. Elliott did as commanded.

Special Services Closed.

Special services which have been held at the First Presbyterian church, Wellsville, for the past week, terminated this afternoon. Rev. Mr. McMillan, of Pennsylvania, preached last night, and also this afternoon. Communion service will be observed at the morning service at this church Sunday, and at the same service a number of persons are expected to unite with the church.

The Detective's Side.

Detective Jewell, of the C. & P. force, gives his side of the story concerning the arrest of Mr. Kerns, of East Liverpool last Wednesday. Mr. Jewell states that when a man says he is going to hit an officer it is time to prepare for trouble, and that is why he placed handcuffs on him. Jewell denies striking Kerns so that he would be injured.

A Successful Ball.

Probably 350 persons attended the dance in the auditorium of Wellsville city hall last night, given by local No. 286, Brotherhood of Railway Trainmen. Red, white and green lanterns from the railroad shops were used in decorating the hall. The affair was a success financially and socially.

Raising New Track.

The C. & P. company yesterday placed 50 men at work raising the new track, east of the Wellsville station. The damp weather caused the track to sink at this point, making it unsafe if allowed to sink much lower. Work was continued late making improvements.

BOXES IN WHICH
TO COLLECT WASTE

A Local Firm Will Furnish Them Free If Given the Privilege.

SERVICE BOARD SESSION

Having no money at their command the members of the board of public service last evening adjourned in less than 15 minutes after convening. They contend that it takes money to make the mare go and until the appropriation ordinance is passed it is not likely that they will assemble again.

James S. Hilbert, representing Geo. H. Owen & Co., appeared before the board and presented a proposition which was readily adopted. Mr. Hilbert agreed to place five scavenger boxes on the principal street corners of the city free of charge if the board would give him the privilege. He asked only in return to be allowed to post advertising on the boxes. This the board thought reasonable and assured him that he could give the boxes a trial. The boxes are about square, made of iron and have a durable iron covering.

It is expected that the people will soon learn what they are intended for and in a short time the paper and other waste matter that is now cast on the streets and sidewalks will be dumped into the boxes. After the people fall in line with the improvement it is possible that the service board will purchase a score or more and distribute them over the city. On the street corners in the central portion of the city it is thought the boxes will be filled at least once a day and some times twice. The street department will look after them and empty them whenever filled.

Complaint was made by the street commissioner concerning violations that have been committed by numerous people by throwing ice and snow from the pavements to the street. He also objected to the street car companies casting ice from between their tracks into the street. As a result a motion was made ordering the commissioner to have warrants issued for any and all violators in the future.

Charles Adams complained that owing to the placing of a sewer under his pavement on Avondale street the bricks have started to sink and asked that the board give it attention. The matter was referred to the engineer and street commissioner.

President Taylor notified Wharfmaster McClure that it would be impossible to retain him as the wharfmaster, owing to the depleted wharf fund, and informed him that he would get all the money due him just as soon as the appropriation ordinance passes.

Miss Roe Entertains.

Miss Forney Roe, Third street, entertained a few of her girl friends last evening in honor of Miss Jean Wallace, of Chicago, who is visiting her uncle, William Brunt, Fifth street. The house was prettily decorated with colors of lavender and white. Music, games and refreshments were the features.

GIRL TEACHER SLAIN.

Finding of Miss Schaefer's Body Reveals Horrible Crime.

Bedford, Ind., Jan. 23.—The body of Miss Sarah Schaefer, teacher of Latin in the Bedford high school, was found in a carriage house. She had been assaulted and robbed and the body badly mutilated. The appearance of the shed indicated a terrific struggle. Miss Schaefer came here from Elkhart, Ind., a year ago and was much admired. There is much excitement over the murder and bloodhounds will be given the scent.

The city council has offered a reward of \$500 and the county a like amount for the arrest of the murderer of Miss Schaefer. She had left the house of Mrs. Martha Johnson, two and a half squares from her room, after eating her meal and had started to her rooms to meet a class of pupils there to give a course of Latin. This was the last seen of her alive.

Elkhart, Jan. 23.—Sarah Schaefer, murdered at Bedford, was the daughter of John S. Schaefer, a real estate dealer here. She graduated at the high school in 1895 and was an active member of the Methodist church and Epworth league. She graduated from the State Normal school at Terre Haute a year ago and took an extra course at Depauw university. She was 22 years old and taught school here two years.

It was stated by a relative of the murdered girl that she had recently written to her parents, Mr. and Mrs. J. C. Schaefer of this city, concerning distasteful attentions that were being paid her by a young man whose name she withheld. A letter received from the girl on the day before her death mentioned especially her happiness and her satisfaction with her surroundings. Her mother is critically ill as a result of the tragedy.

HARD'S

SOUTH SIDE

A NOVEL REMEDY
FOR DEAFNESS

Chester Man Finds Great Benefit By Putting a Card Between His Teeth.

John James, a popular tin mill worker, claims to be much benefited through reading an article recently published in a Pittsburg paper. Mr. James, in early life was an expert swimmer and claims to have been rendered practically deaf through the enjoyment of that sport. While looking over the paper he read an article stating that a Pittsburg man had been helped very much by using a piece of cardboard between his teeth. He tried the simple remedy and was very much surprised when his friends, who had been accustomed to shouting at him, could converse with him in an undertone and he could understand every word that was spoken to him.

Mr. James is also an expert checker player and has lost many games on account of his inability to hear those watching the game posting his opponent on how to play to beat him. Now if he thinks anyone is giving tips the cardboard raises to his lips.

THE HIGH WATER

Attracts the Attention of Everybody. Had to Move. Had to Move.

The attention of most of the people of Chester is being given to the high water, and as many as could be spared from about the places of business were lined up on the bridge, watching the wreckage going down the river. Most of the river frontage of the town is above ordinary high water. On Marks' Run, the water has been backing up and steadily rising and the Folger family were compelled to move from the house that they occupy.

The shanty occupied by a number of Italians in Middle Run is under water and they were compelled to hunt dryer quarters. Much drift is being caught at the mouth of Cunningham's Run.

TRAFFIC SUSPENDED

High Water Prevented the Arrival of Either Freight or Passenger Trains at Chester.

The local freight and accommodation train on the New Cumberland branch of the Panhandle railroad were unable to come up this morning on account of the submerged tracks at different points between New Cumberland and Chester. Agent Skinner and his assistants took every precaution in getting as many freight and empty cars up to Chester, as many as required by the tin mill and both potteries, to do for a week.

The tin mill also received a sufficient supply of coal to do for some time. At present it cannot be predicted when traffic will be resumed on the branch, but it is certain not for three or four days.

More Candidates for Collector.

A few more tax collectorship candidates have sprung up in the past 24 hours, according to report. The names of Squire A. G. Pugh, Samuel F. Rose and Lawrence Baxter have been mentioned. All are considered thoroughly competent to fill the position and able to meet the requirements.

Brazilian Balm

POTTERIES RENDERED IDLE

Continued from First Page.

est care was to keep the boats close to the bank. They experienced no little difficulty in finding places to fasten their shore lines. Near the flint mill in the West End the half dozen shanty boats cut down when the ice moved out are still caught among the willows. Most of the boat dwellers rather enjoy the flood.

One boat, occupied by a negro, is so small and frail that it looks like a most dangerous home. By actual measurement the hull is 4x8 feet, but its occupant seems unconscious of danger.

In spite of the heavy ice many have been making an effort to catch objects of value floating down the stream. These trips in skills among the ice are most perilous.

COAL BOATS SUNK
STRIKING A PIER

WRECKED BOATS CARRIED A VALUABLE CARGO.

The Impact Was Such As to Shake the Bridge Structure Perceptibly.

All night and during the day the two piers of the East Liverpool bridge were made buffers for the immense quantity of wreckage that has passed and is passing down the river. From dark last night until this morning nine barges and coal boats were counted, some loaded, and others empty. Two boats containing coal, one steel rails and another which contained railroad ties were carried down. The boat with the ties on board went very close to the stone wall of the Shrader property and could easily have been secured had those on the wall been prepared for its reception.

Two boats owned by the River Combine came down about 9 a. m., both loaded to their capacity, and about 500 yards apart. The first was a barge containing 18,000 bushels of coal, which struck the pier fairly in the center and broke in two. The coal on both broken parts sank within 50 feet of the pier, carrying the broken parts under water, and in a short time coming up, continuing on down. The second one stuck the same pier, about ten feet from the end of it, and the only thing that saved it from sinking in the same spot was that it tore off the timbers to the bulkhead.

The boat was watched, sinking on its journey, where it emptied at the foot of Second street.

The bridge was lined with spectators who witnessed the sinking of the

coal boats. When the boats struck the pier the jar was perceptible, and many who were directly over the first boat when it struck retired to a distance before the second jar.

JETHRO RESIDENTS
HAD TO MOVE OUT

Probably 100 Families Were Discommoded By the Floods, But Suffer Little.

Houses in Jethro Hollow are half submerged, but the people, having ample warning, were prepared. Many families moved their household goods after dark last night. The water was backed up in Jethro run before dark last night and at midnight several of the houses had been surrounded.

There are probably 100 families discommoded by the high water, but they are prepared to hold out several days. Those who did not move to houses on higher ground are occupying second stories of their homes. Communication between the homes is had by means of skiffs and rafts.

The residents of that section are so accustomed to these floods that they suffer but little.

Death of an Infant.

The 16-months-old child of Mr. and Mrs. L. A. Pointer, of Walnut street, died this morning after an illness of several weeks. The interment will be made tomorrow in Riverview cemetery.

NO BILL THIS SESSION.

But Rivers and Harbors Committee Will Hold Hearings as Usual.

Washington, Jan. 23.—The house committee on rivers and harbors has decided that there should be no river and harbor appropriation bill at the present session of congress, although a few surveys may be authorized.

In explanation Chairman Burton said: "The main reason is the large balance appropriated for river and harbor improvements which is now lying in the treasury unexpended. This balance at the end of last year was in excess of \$38,000,000. In addition to this it is expected that \$8,700,000 will be appropriated at this session for the continuance of work under continuing contracts.

"The committee decided to continue hearings during this session and also to meet frequently for the consideration of river and harbor legislation and the demands of such localities as are requesting improvements. The necessity for giving undivided attention to the framing of the bill will prevent hearings at the next session."

TOTAL AMOUNTS
OF APPROPRIATIONS

Lack of a Quorum Prevented Action on the Ordinance Last Night.

Lack of a quorum caused another delay in the passage of the Wellsville appropriation ordinance last night. Only five members of council answered the call to the special meeting, suggested last Wednesday night.

The finance committee met in the office of Solicitor Boyd yesterday afternoon, and had the ordinance prepared for council. Practically few if any changes are said to have been made in the original ordinance.

Another meeting of council is to be held Monday night, at which time another attempt will be made to pass the ordinance.

The total amounts appropriated for the various funds are: Council, \$227.50; clerk of council, \$185; mayor, \$250; auditor, \$467; treasurer, \$475; solicitor, \$425; tax commission, \$55; election expenses, \$195; legal advertising, \$125; judicial, \$1,200; board of public safety, \$200; police, \$4,105.14; fire, \$2,782.41; fire and police, telephone and telephone, \$138; board of health, \$654.37; board of public service, \$14,115.19; water works office and expenses, \$290.

It is said that in making up the appropriation no little discussion resulted on the amount that was to be allowed the board of public service.

SEWER DEMANDED

State Health Board Will Be Appealed to if Council Does Not Act.

Residents and property owners of Highland avenue propose to appeal to the state board of health if council does not take some measure to construct a sanitary sewer along that street, to the trunk sewer at the intersection of Highland avenue and Liverpool street.

J. S. Kinkade presented the matter to several councilmen Wednesday night, but no official action was taken. In the meantime Mr. Kinkade circulated a petition among the property owners of Highland avenue, and last night was ready to present it to council, had it met. The petition is signed by J. S. Kinkade, F. J. Matthews, A. Peterson, John H. Matthews, Eve McCoy, William C. Holliday, Dan A. Bunting, Richard Rairigh, W. H. Mick, John T. Perkins, William Theobald, R. H. Keay, William G. Donnett.

The petition will reach council at its next session.

KNIGHTS OF COLUMBUS

Will Install New Officers at a Meeting to Be Held Tomorrow Afternoon.

District Deputy Thomas J. Duffy, of East Liverpool, will install new officers for the Wellsville lodge, Knights of Columbus, Sunday afternoon at 2 o'clock, in their hall on Main street. A number of visiting members of the order from East Liverpool are expected at the meeting. Officers to be installed are: Grand knight, James Hayes; deputy grand knight, Frank Hassinger; financial secretary, Morris Dowling; corresponding secretary, William McSweeney; treasurer, J. E. Sattaw; warden, William J. Maloney; chancellor, D. W. Fitzgerald; chaplain, Rev. D. B. Crotty.

Wellsville Not Represented.

No representative of the Wellsville board of health attended the annual meeting of the state board of health

in Columbus this week. Dr. Tarr suggested to ex-Councilman Steiner that he make the trip, the expenses of which are paid by the board sending the representative. Steiner did not go, neither did Dr. Tarr or Dr. Parke. This is the first time in several years that the Wellsville board was not represented at the state meeting.

PHILLIPS REPORTED

Bedford, Ind., Jan. 23.—The body of Miss Sarah Schaefer, teacher of Latin in the Bedford high school, was found in a carriage house. She had been assaulted and robbed and the body badly mutilated. The appearance of the shed indicated a terrific struggle. Miss Schaefer came here from Elkhart, Ind., a year ago and was much admired. There is much excitement over the murder and bloodhounds will be given the scent.

The city council has offered a reward of \$500 and the county a like amount for the arrest of the murderer of Miss Schaefer. She had left the house of Mrs. Martha Johnson, two and a half squares from her room, after eating her meal and had started to her room to meet a class of pupils there to give a course of Latin. This was the last seen of her alive.

Elkhart, Jan. 23.—Sarah Schaefer, murdered at Bedford, was the daughter of John S. Schaefer, a real estate dealer here. She graduated at the high school in 1895 and was an active member of the Methodist church and Epworth league. She graduated from the State Normal school at Terre Haute a year ago and took an extra course at Depauw university. She was 22 years old and taught school here two years.

It was stated by a relative of the murdered girl that she had recently written to her parents, Mr. and Mrs. J. C. Schaefer of this city, concerning distasteful attentions that were being paid her by a young man whose name she withheld. A letter received from the girl on the day before her death mentioned especially her happiness and her satisfaction with her surroundings. Her mother is critically ill as a result of the tragedy.

HARD'S

SOUTH SIDE

A NOVEL REMEDY
FOR DEAFNESS

Chester Man Finds Great Benefit By Putting a Card Between His Teeth.

John James, a popular tin mill worker, claims to be much benefited through reading an article recently published in a Pittsburg paper. Mr. James, in early life was an expert swimmer and claims to have been rendered practically deaf through the enjoyment of that sport. While looking over the paper he read an article stating that a Pittsburg man had been helped very much by using a piece of cardboard between his teeth. He tried the simple remedy and was very much surprised when his friends, who had been accustomed to shouting at him, could converse with him in an undertone and he could understand every word that was spoken to him.

Mr. James is also an expert checker player and has lost many games on account of his inability to hear those watching the game posting his opponent on how to play to beat him. Now if he thinks anyone is giving tips the cardboard raises to his lips.

THE HIGH WATER

Attracts the Attention of Everybody. Had to Move. Had to Move.

The attention of most of the people of Chester is being given to the high water, and as many as could be spared from about the places of business were lined up on the bridge, watching the wreckage going down the river. Most of the river frontage of the town is above ordinary high water. On Marks' Run, the water has been backing up and steadily rising and the Folger family were compelled to move from the house that they occupy.

The shanty occupied by a number of Italians in Middle Run is under water and they were compelled to hunt dryer quarters. Much drift is being caught at the mouth of Cunningham's Run.

TRAFFIC SUSPENDED

High Water Prevented the Arrival of Either Freight or Passenger Trains at Chester.

The local freight and accommodation train on the New Cumberland branch of the Panhandle railroad were unable to come up this morning on account of the submerged tracks at different points between New Cumberland and Chester. Agent Skinner and his assistants took every precaution in getting as many freight and empty cars up to Chester, as many as required by the tin mill and both potteries, to do for a week.

The tin mill also received a sufficient supply of coal to do for some time. At present it cannot be predicted when traffic will be resumed on the branch, but it is certain not for three or four days.

More Candidates for Collector.

A few more tax collectorship candidates have sprung up in the past 24 hours, according to report. The names of 'Squire A. G. Pugh, Samuel F. Rose and Lawrence Baxter have been mentioned. All are considered thoroughly competent to fill the position and able to meet the requirements.

POTTERIES RENDERED IDLE

Continued from First Page.

est care was to keep the boats close to the bank. They experienced no little difficulty in finding places to fasten their shore lines. Near the flint mill in the West End the half dozen shanty boats cut down when the ice moved out are still caught among the willows. Most of the boat dwellers rather enjoy the flood.

One boat, occupied by a negro, is so small and frail that it looks like a most dangerous home. By actual measurement the hull is 4x8 feet, but its occupant seems unconscious of danger.

In spite of the heavy ice many have been making an effort to catch objects of value floating down the stream. These trips in skiffs among the ice are most perilous.

COAL BOATS SUNK
STRIKING A PIER

WRECKED BOATS CARRIED A VALUABLE CARGO.

The Impact Was Such As to Shake the Bridge Structure Perceptibly.

All night and during the day the two piers of the East Liverpool bridge were made buffers for the immense quantity of wreckage that has passed and is passing down the river. From dark last night until this morning nine barges and coal boats were counted, some loaded, and others empty. Two boats containing coal, one steel rails and another which contained railroad ties were carried down. The boat with the ties on board went very close to the stone wall of the Shrader property and could easily have been secured had those on the wall been prepared for its reception.

Two boats owned by the River Combine came down about 9 a. m., both loaded to their capacity, and about 500 yards apart. The first was a barge containing 18,000 bushels of coal, which struck the pier fairly in the center and broke in two. The coal on both broken parts sank within 50 feet of the pier, carrying the broken parts under water, and in a short time coming up, continuing on down. The second one stuck the same pier, about ten feet from the end of it, and the only thing that saved it from sinking in the same spot was that it tore off the timbers to the bulkhead.

The boat was watched, sinking on its journey, where it emptied at the foot of Second street.

The bridge was lined with spectators who witnessed the sinking of the

coal boats. When the boats struck the pier the jar was perceptible, and many who were directly over the first boat when it struck retired to a distance before the second jar.

JETHRO RESIDENTS
HAD TO MOVE OUT

Probably 100 Families Were Discommoded By the Floods, But Suffer Little.

Houses in Jethro Hollow are half submerged, but the people, having ample warning, were prepared. Many families moved their household goods after dark last night. The water was backed up in Jethro run before dark last night and at midnight several of the houses had been surrounded.

There are probably 100 families discommoded by the high water, but they are prepared to hold out several days. Those who did not move to houses on higher ground are occupying second stories of their homes. Communication between the homes is had by means of skiffs and rafts.

The residents of that section are so accustomed to these floods that they suffer but little.

Death of An Infant.

The 16-months-old child of Mr. and Mrs. L. A. Pointer, of Walnut street, died this morning after an illness of several weeks. The interment will be made tomorrow in Riverview cemetery.

NO BILL THIS SESSION.

But Rivers and Harbors Committee Will Hold Hearings as Usual.

Washington, Jan. 23.—The house committee on rivers and harbors has decided that there should be no river and harbor appropriation bill at the present session of congress, although a few surveys may be authorized.

In explanation Chairman Burton said: "The main reason is the large balance appropriated for river and harbor improvements which is now lying in the treasury unexpended. This balance at the end of last year was in excess of \$38,000,000. In addition to this it is expected that \$8,700,000 will be appropriated at this session for the continuance of work under continuing contracts.

"The committee decided to continue hearings during this session and also to meet frequently for the consideration of river and harbor legislation and the demands of such localities as are requesting improvements. The necessity for giving undivided attention to the framing of the bill will prevent hearings at the next session."

REALM OF SPORTS

BASEBALL TEAM NOW ASSURED

Independent Organisation to Be Effected During Coming Week.

LOCAL MEN PROJECTORS

Lynch, Rose and Walsh Have Decided Upon a Plan to Hold Rising, Godwin and Barker—Will Play Great Many Games.

Mike Lynch, J. J. Rose and Charles Walsh are determined that the fans of this city will not be without genuine sport during the coming base ball season. They have decided to hold a meeting within the next week for the purpose of organizing an independent team. They have one objective idea in making the aggregation independent, such a course being necessary to allow John Godwin, Percy Rising and Kid Barker to leave the minor leagues in which they are now identified.

The three promoters have been agitated for a long time, attempting to determine upon a plan by which they could escape the dilemma of forming a team which cannot include the trio of stars referred to above. Communication with league representatives divulged to them the plan of organizing an independent team. If this is done

YOUNG WIFE OVERCOMES DREAD OF PUBLICITY

Gratitude Forces Her to Tell Her Experience to the World.

Sufferers from chronic dyspepsia or stomach trouble are among the unhappy people living, as their condition means an undermining of practically every organ of the body. Mrs. Tula M. Heller, of 643 E. Exchange street, Akron, O., was for years in this state and the suffering endured would wreck the constitution of a strong man. She tried in every way to obtain relief. Physicians told her the cause of her trouble, but were unable to benefit her

in any way. Mrs. Heller was completely restored to health within three weeks time in a most remarkable way and although of a retiring disposition and adverse to having her name before the public, feels so grateful about the matter, that she has written the following letter about her experience, and states her willingness to have it published:

"The Cooper Medicine Co.
"Gentlemen—For many years I have been an acute sufferer from both dyspepsia and stomach trouble—that is what the doctors told me. After taking one bottle of Dr. Cooper's New Discovery I am so much relieved that I am willing to allow my name to be used. I am still taking it, although I am beyond question cured. I thank you for what your medicine has done for me.

"MRS. TULA M. HELLER."
Stomach trouble in one form or another is the foundation for a great many different diseases. Keep the stomach sound and you keep the body sound. Dr. Cooper's New Discovery, the great new remedy which is sweeping the country like wild-fire, owes a large amount of its marvelous success to its wonderful power in healing disordered and diseased stomachs. Blood troubles, liver troubles, kidney troubles, and nervous troubles, are in nine cases out of ten, due to an ailing stomach. Remove the fundamental cause and you cure the disease. That is why this powerful new medicinal product acts like magic in so many cases of broken health and run-down condition. If you feel tired all the time, can't sleep well, have headache, are nervous and feel discouraged, you have stomach trouble which has induced a run-down condition of the system. Get a bottle of this new remedy and see how quickly you will begin to improve. The Cooper Medicine Co., of Dayton, will refund your money without a question, should the medicine fail to cure you.

Dunning Marble and Granite Co.,
Pittsburg, Pa.

Rising will positively play altogether on local grounds next season and there is a strong probability of Barker and Godwin signing for the year. Messrs. Lynch, Rose and Walsh have always taken a great interest in base ball and this year it is their intention to furnish the best team that ever played under the Crockery City colors. No trio of local men could better manage such an organization and it is the wish of the fans that they continue the project which is now well under way. They have long been considering the formation of a team, and yesterday it was announced by Mr. Lynch that nothing could prevent them carrying on the project. If the independent team is organized, a schedule will be arranged with all of the teams that were included in the first project of forming a league. It will be the endeavor of the management, if they organize, to schedule three games to be played each week during the season on home grounds and three away from home.

It is probable that other sports of the city will be invited to become a part of the company, but whether or not any accept the invitation, the team will be a reality. It is plausible that Lynch will do the active work. He is an old base ball player and has some good ideas which will be of benefit to the team. He believes in having a salaried team, so the men will respect the management and then make them live up to the rules adopted by the company.

MANAGER ASHBAUGH CALLS A MEETING

Members of Athletic Club Requested to Assemble at City Hall.

Manager Will Ashbaugh, of the East Liverpool Athletic baseball club, has called a meeting of the club for tomorrow afternoon at 3 o'clock at the city hall. Included in the call are L. and G. Emmerling, Roy Allison, George McAvoy, Homer Tyson, John Heckathorn, Tom Davis, Jack Trainor, E. Carey and Ed. Bennett.

The object of the meeting will be to sort of re-organize and prepare for the opening of the season.

Bigger Purses Than Ever.
It has been estimated that in the neighborhood of \$500,000 will be offered for running stakes the coming season, an indication that the turf will be even more prosperous this year than it was last. Both in the east and west enormous sized purses are hung up for events.

SPORTING MISCELLANY.

Nick Altrock has asked Capt. Comiskey to name his figures for 1904. He'd like to look them over.

Frank Chance has recently sold his ranch and purchased a \$10,000 home in Fresno, Cal., according to a recent report from the coast.

The Haskell Indians have asked for a franchise in the Missouri Valley league. Connie Mack would like to annex the club for an athletic farm.

Jimmy McAleer's new men are: Jack O'Connor, catcher; Glade and Hise, pitchers; Gleason, infielder; Jones, first base, and Hulseman, outfielder.

Manager Selee, of the Chicago National league club, has signed a young outfielder named Dell Howard, who has been playing with semi-professional teams in the west.

Fred Ely, the old Pittsburg player, who is now manager of the Portland team, has written for training dates

with the Cubs at Bakersville, Cal., where the Portland team will do its early work.

Many fans will regret the departure of George Van Halten from the National league circuit. The veteran outfielder was a hard worker and popular in Pittsburg and elsewhere in the country.

REAL ESTATE DEALS

AS SHOWN BY TRANSFERS RECORDED AT LISBON.

Property in This City and Other Parts of the County Changes Hands.

Lisbon, January 23.—(Special.)—Deeds have been recorded as follows: Ellwood B. Conrad to Lydia E. Lightfoot, tract in Butler township; \$800.

Bartholomew H. Green to Fred T. Ohlinger, lot 5010 in the East Liverpool Land company's first addition to East Liverpool; \$550.

BOYS SNOWBALL THE GOVERNOR

Columbus High School Lads Bombard Colonel Herrick And His Automobile.

Columbus, January 23.—"Hi, governor, look out!"

It was a party of Central high school boys shouting at the chief executive of the state of Ohio at noon yesterday.

Governor Herrick had left the state house and was on his way home in his automobile. He had passed the crowd of school boys and had greeted them with a smile, nod and lifted hat.

The innate spirit of irreverence in the heart of every American boy rose in the breast of the youths and, with one accord they gathered up handfuls of snow and began a bombardment of the governor.

The latter, remembering his boyhood days, looked backward, gave the boys a smile and another touch of his hat, and putting speed on his automobile, was soon beyond range. Several of the balls narrowly missed the governor.

As the automobile sped out of sight, the boys said "Herrick's all right. He didn't get mad at a little fun."

A GREAT TRUTH

How It Has Spread From Home to Home in East Liverpool.

In every part of East Liverpool; in the homes of the wealthy; in the humble abode of the man of toil; 'tis now a well known fact—a great truth—that Doan's Kidney Pills have brought more comfort than any medicine of modern times.

Mrs. Mary Hewitt, of St. George street, says: "I read in the Pittsburg Press an account of some one who had been cured of kidney complaint in that city by using Doan's Kidney Pills. The fact of such an account being published of one living almost in the same place had a tendency to convince me that there must be some truth in it and I determined to try them myself.

Some years before this I had a severe attack of rheumatism; for three months I lay helpless and after that I had trouble with my kidneys. For a year I suffered severely. My back was so bad that it felt as if I had a ball where the kidneys are. I could not bend, lean back against a chair or reach up. I could not lie on my back, and about every move I made caused pain. I had taken numerous remedies but none brought the desired relief. Well, Doan's Kidney Pills procured at the W. & W. Pharmacy did what no other remedy was able to do. I took them regularly for a short time and found them to be all the Pittsburg paper stated them to be. I can heartily recommend them. After using them I was rid of backache and other symptoms of kidney trouble."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

BAR-BEN NERVE FOOD
Builds up the Body, Brain and Nerves.
It destroys the germs and microbes in the blood, expelling the morbid, unhealthy matter which irritates the nervous system and breaks down the vitality of men and women.
In the East it is the only nerve food that is sold in the United States. It is a tonic and a stimulant, and it is a great help to the nervous system. It is a great help to the brain, and it is a great help to the nerves. It is a great help to the body, and it is a great help to the mind. It is a great help to the soul, and it is a great help to the spirit. It is a great help to the whole man, and it is a great help to the whole world.

KEEP DANGEROUS INSANE LOCKED UP

Bill Provides That Bond Shall Be Refused Those With Homicidal Tendencies.

A murder and a suicide suggested a bill introduced in the legislature by Senator Pollock, of Stark county. The bill provides that no patient with suicidal or homicidal tendencies shall be released from state hospitals for the insane under bond. Of two patients similarly released from the Massillon hospital, one committed suicide and the other killed a relative.

"The measure is excellent," said Supt. Howard, of the state hospital in Newburg. "It will end, if it becomes a law, the whole practice of releasing patients under \$1,000 bonds. Under the present law, patients with suicidal or homicidal tendencies are released if relatives or friends give bonds in that amount approved by the probate court to assure proper care. Other patients are released when convalescent without bonds. But the bondsmen cannot give murderous or suicidal insane persons adequate attention. If the patient kills somebody the bond isn't of much use. We have had such cases, and I don't know that the bondsmen have even forfeited the amount of the bond."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only catarrhal cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Sold by druggists, 75c.

KILLED BY TORNADO

Thirty-Seven Persons Perish in Storm at Moundville, Ala.

BUT ONE STORE LEFT STANDING

Hurricane Razes Village While Inhabitants Are Asleep—Most of the Dead Are Negroes—Over 100 Others Are Injured by Falling Debris.

Tuscaloosa, Ala., Jan. 23.—The most disastrous cyclone that ever swept over this section visited Moundville, Ala., a town of 300 inhabitants, 15 miles south of Tuscaloosa, and as a result 37 persons were killed, 5 whites and 23 negroes, and more than 100 injured. Every business house in the town, with the exception of a small drug store, was completely destroyed.

The cyclone struck the town from the southwest about 1 o'clock in the morning. Its path was a quarter of a mile wide right through the town. The following is a list of the white persons killed:

E. P. Seymour, Nashville, telegraph operator.
A. H. Warren, Birmingham.
J. M. Redmond, Nashville.
Robert Powers, Tuscaloosa.
Miss Nettie Farley.
The negroes dead are:
W. N. Miles, wife and six children.
Elbert Holston, wife and three children.
Like Holston, wife and three children.
Fourteen other negroes yet unidentified.

Surgeons were rushed to Moundville from Greensboro and Tuscaloosa and all possible was done to alleviate the sufferings of the injured. By the force of the storm persons were blown hundreds of feet from their beds. Through terror a father, mother and three children fled from their home to seek refuge and in their excitement left the 5-year-old boy in bed. He was found beneath some timber and thus far it is impossible to find any other member of the family.

Bedding, carpets and wearing apparel are scattered for a distance of 10 miles through what was a forest, but which is now as clear as if though cut by the woodman's ax.

Freight cars were torn to splinters, the trucks from them being hurled hundreds of feet from the track.

The depot, the hotel, the warehouses, gins, 30 homes and many stores, together with their stocks, were completely destroyed. Where they stood it is impossible to find even the pillars upon which these structures rested.

Bales of cotton, which were stored in warehouses, were torn to atoms. The fragments of lint lodging in trees, making it appear as though that section had been visited by a snowstorm. Heavy iron safes, the doors of which in some instances were torn from their hinges, were carried away by the force of the wind.

A young clerk employed by W. P. Phifer, hearing the terrible roaring of the storm, let himself into a well in the center of the store. He had no sooner found his place of safety when the store was completely demolished. He was drawn out uninjured.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication in giving it appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it would readily be seen how utterly foolish it would be for them to make the above unprecedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out," as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made by this world famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such remarkable curative properties as would warrant its makers in publishing such a marvelous offer as is above made in the utmost good faith.

"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having any health again. Could not sit up all day. I noted a great improvement before the first bottle was used. Was suffering with almost every part that a woman is subject to; had inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription,' I felt like a new person. Can ride horseback and take all kinds of exercise and do not feel tired. 'Favorite Prescription' because of its remarkable cures, do not accept a substitute which has none of these cures to its credit. If you are looking for a perfect laxative try Dr. Pierce's Pleasant Pellets.

Like a Comet

This famous remedy does for the stomach what which it is unable to do for itself, even if but slightly disordered or overburdened.

Kodol

supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing purifying and strengthening the glands, membranes of the stomach and digestive organs.

REALM OF SPORTS

BASEBALL TEAM
NOW ASSURED

Independent Organization to Be
Effected During Coming
Week.

LOCAL MEN PROJECTORS

Lynch, Rose and Walsh Have Decided
Upon a Plan to Hold Rising, Godwin
and Barker—Will Play Great Many
Games.

Mike Lynch, J. J. Rose and Charles Walsh are determined that the fans of this city will not be without genuine sport during the coming baseball season. They have decided to hold a meeting within the next week for the purpose of organizing an independent team. They have one objective idea in making the aggregation independent, such a course being necessary to allow John Godwin, Percy Rising and Kid Barker to leave the minor leagues in which they are now identified.

The three promoters have been agitated for a long time, attempting to determine upon a plan by which they could escape the dilemma of forming a team which cannot include the trio of stars referred to above. Communication with league representatives divulged to them the plan of organizing an independent team. If this is done

YOUNG WIFE OVERCOMES
DREAD OF PUBLICITY

Gratitude Forces Her to Tell Her Experience to the World.

Sufferers from chronic dyspepsia or stomach trouble are among the unhappiest people living, as their condition means an undermining of practically every organ of the body. Mrs. Tula M. Heller, of 643 E. Exchange street, Akron, O., was for years in this state and the suffering endured would wreck the constitution of a strong man. She tried in every way to obtain relief. Physicians told her the cause of her trouble, but were unable to benefit her

In any way. Mrs. Heller was completely restored to health within three weeks time in a most remarkable way and although of a retiring disposition and adverse to having her name before the public, feels so grateful about the matter, that she has written the following letter about her experience, and states her willingness to have it published:

"The Cooper Medicine Co.
"Gentlemen—For many years I have been an acute sufferer from both dyspepsia and stomach trouble—that is what the doctors told me. After taking one bottle of Dr. Cooper's New Discovery I am so much relieved that I am willing to allow my name to be used. I am beyond question cured. I thank you for what your medicine has done for me.

"MRS. TULA M. HELLER."
Stomach trouble in one form or another is the foundation for a great many different diseases. Keep the stomach sound and you keep the body sound. Dr. Cooper's New Discovery, the great new remedy which is sweeping the country like wild-fire, owes a large amount of its marvelous success to its wonderful power in healing disordered and diseased stomachs. Blood troubles, liver troubles, kidney troubles, and nervous troubles, are in nine cases out of ten, due to an ailing stomach. Remove the fundamental cause and you cure the disease. That is why this powerful new medicinal product acts like magic in so many cases of broken health and run-down condition. If you feel tired all the time, can't sleep well, have headache, are nervous and feel discouraged, you have stomach trouble which has induced a run-down condition of the system. Get a bottle of this new remedy and see how quickly you will begin to improve. The Cooper Medicine Co., of Dayton, will refund your money without a question, should the medicine fail to cure you.

For sale by Will Reed, druggist.

Rising will positively play altogether on local grounds next season and there is a strong probability of Barker and Godwin signing for the year.

Messrs. Lynch, Rose and Walsh have always taken a great interest in baseball and this year it is their intention to furnish the best team that ever played under the Crocker City colors. No trio of local men could better manage such an organization and it is the wish of the fans that they continue the project which is now well under way. They have long been considering the formation of a team, and yesterday it was announced by Mr. Lynch that nothing could prevent them carrying on the project. If the independent team is organized, a schedule will be arranged with all of the teams that were included in the first project of forming a league. It will be the endeavor of the management, if they organize, to schedule three games to be played each week during the season on home grounds and three away from home.

It is probable that other sports of the city will be invited to become a part of the company, but whether or not any accept the invitation, the team will be a reality. It is plausible that Lynch will do the active work. He is an old base ball player and has some good ideas which will be of benefit to the team. He believes in having a salaried team, so the men will respect the management and then make them live up to the rules adopted by the company.

Though the team will be composed of as many fast men of the minor leagues as it is possible for the management to employ, there will be a good sprinkling of local men in it, which will add interest. The result of the meeting will be watched with interest by the fans.

MANAGER ASHBAUGH
CALLS A MEETING

Members of Athletic Club Requested
to Assemble at City
Hall.

Manager Will Ashbaugh, of the East Liverpool Athletic baseball club, has called a meeting of the club for tomorrow afternoon at 3 o'clock at the city hall. Included in the call are L. and G. Emmertling, Roy Allison, George McAvoy, Homer Tyson, John Heckathorn, Tom Davis, Jack Trainor, E. Carey and Ed. Bennett.

The object of the meeting will be to sort of re-organize and prepare for the opening of the season.

Bigger Purse Than Ever.
It has been estimated that in the neighborhood of \$500,000 will be offered for running stakes the coming season, an indication that the turf will be even more prosperous this year than it was last. Both in the east and west enormous sized purses are being offered for events.

SPORTING MISCELLANY.

Nick Altrook has asked Capt. Comiskey to name his figures for 1904. He'd like to look them over.

Frank Chance has recently sold his ranch and purchased a \$10,000 home in Fresno, Cal., according to a recent report from the coast.

The Haskell Indians have asked for a franchise in the Missouri Valley league. Connie Mack would like to annex the club for an athletic farm.

Jimmy McAleer's new men are: Jack O'Connor, catcher; Glade and Hise, pitchers; Gleason, infielder; Jones, first base, and Hulseman, outfielder.

Manager Selee, of the Chicago national league club, has signed a young outfielder named Dell Howard, who has been playing with semi-professional teams in the west.

Fred Ely, the old Pittsburg player, who is now manager of the Portland team, has written for training dates

with the Cubs at Bakersville, Cal., where the Portland team will do its early work.

Many fans will regret the departure of George Van Halten from the National league circuit. The veteran outfielder was a hard worker and popular in Pittsburg and elsewhere in the country.

REAL ESTATE DEALS

AS SHOWN BY TRANSFERS RECORDED AT LISBON.

BOYS SNOWBALL
THE GOVERNOR

Columbus High School Lads Bombard
Colonel Herrick And His
Automobile.

Columbus, January 23.—"Hi, governor, look out!"

It was a party of Central high school boys shouting at the chief executive of the state of Ohio at noon yesterday.

Governor Herrick had left the state house and was on his way home in his automobile. He had passed the crowd of school boys and had greeted them with a smile, and not lifted hat.

The innate spirit of irreverence in the heart of every American boy rose in the breast of the youths and, with one accord they gathered up handfuls of snow and began a bombardment of the governor.

The latter, remembering his boyhood days, looked backward, gave the boys a smile and another touch of his hat, and, putting speed on his automobile, was soon beyond range. Several of the balls narrowly missed the governor.

As the automobile sped out of sight, the boys said "Herrick's all right. He didn't get mad at a little fun."

A GREAT TRUTH

How It Has Spread From Home to
Home in East Liverpool.

In every part of East Liverpool; in the homes of the wealthy; in the humble abode of the man of toil; 'tis now a well known fact—a great truth—that Doan's Kidney Pills have brought more comfort than any medicine of modern times.

Mrs. Mary Hewitt, of St. George street, says: "I read in the Pittsburg Press an account of some one who had been cured of kidney complaint in that city by using Doan's Kidney Pills. The fact of such an account being published of one living almost in the same place had a tendency to convince me that there must be some truth in it and I determined to try them myself. Some years before this I had a severe attack of rheumatism; for three months I lay helpless and after that I had trouble with my kidneys. For a year I suffered severely. My back was so bad that it felt as if I had a ball where the kidneys are. I could not bend, lean back against a chair or reach up. I could not lie on my back, and about every move I made caused pain. I had taken numerous remedies but none brought the desired relief. Well, Doan's Kidney Pills procured at the W. & W. Pharmacy did what no other remedy was able to do. I took them regularly for a short time and found them to be all the Pittsburg paper stated them to be. I can heartily recommend them. After using them I was rid of backache and other symptoms of kidney trouble."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

BAR-BEN
NERVE FOOD

Builds up the Body, Brain and Nerves.

It destroys the germs and microbes in the blood, expelling the mucus and impurities that are necessary to restore health and strength to the broken down system. It cures all nervous diseases, restores your heart's impulse and palpitates at every nerve you cannot countenance your mind on your work, do not sleep well at night, have no appetite for food and no ambition—your brain is weak, your digestion, increase your appetite, and within four days you will feel like a new man. Vitality which you thought was lost forever.

Bar-Ben is the truly scientific, natural and sure cure for all nervous diseases, lost vitality, night emissions and "excesses"—the effect of overwork, worry, brain fatigue, the excessive use of tobacco, opium or liquor.

No matter what has caused your trouble Bar-Ben will bring you back to health. Don't wait another day, get some Bar-Ben and begin taking it. The sooner you commence, the sooner your weakness will vanish.

All druggists, or mailed on receipt of price, 50 cents. For free sample and medical advice, write Bar-Ben Remedies Co., Cleveland, O.

For sale by JOHN I. HODSON, J. D. HOLLOWAY, C. G. ANDERSON, POTTERS' DRUG CO.

KEEP DANGEROUS
INSANE LOCKED UP

Bill Provides That Bond Shall Be Refused Those With Homicidal Tendencies.

A murder and a suicide suggested a bill introduced in the legislature by Senator Pollock, of Stark county. The bill provides that no patient with suicidal or homicidal tendencies shall be released from state hospitals for the insane under bond. Of two patients similarly released from the Massillon hospital, one committed suicide and the other killed a relative.

"The measure is excellent," said Supt. Howard, of the state hospital in Newburg. "It will end, if it becomes a law, the whole practice of releasing patients under \$1,000 bonds. Under the present law, patients with suicidal or homicidal tendencies are released if relatives or friends give bonds in that amount approved by the probate court to assure proper care. Other patients are released when convalescent without bonds. But the bondsmen cannot give murderous or suicidal insane persons adequate attention. If the patient kills somebody the bond isn't of much use. We have had such cases, and I don't know that the bondsmen have even forfeited the amount of the bond."

There is more danger in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a incurable disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven that to be a constitutional disease and therefore requires constitutional treatment. Hall's cathartic cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and uncovers surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

KILLED BY TORNADO

Thirty-Seven Persons Perish
in Storm at Mound-
ville, Ala.

BUT ONE STORE LEFT STANDING

Hurricane Razes Village While Inhabitants Are Asleep—Most of the
Dead Are Negroes—Over 100 Others
Are Injured by Falling Debris.

Tuscaloosa, Ala., Jan. 23.—The most disastrous cyclone that ever swept over this section visited Moundville, Ala., a town of 300 inhabitants, 15 miles south of Tuscaloosa, and as a result 37 persons were killed, 5 whites and 23 negroes, and more than 100 injured. Every business house in the town, with the exception of a small drug store, was completely destroyed.

The cyclone struck the town from the southwest about 1 o'clock in the morning. Its path was a quarter of a mile wide right through the town. The following is a list of the white persons killed:

E. P. Seymour, Nashville, telegraph operator.

A. H. Warren, Birmingham.

J. H. Redmond, Nashville.

Robert Powers, Tuscaloosa.

Miss Nettie Farley.

The negroes dead are:

W. N. Miles, wife and six children.

Elbert Holston, wife and three children.

Ike Holston, wife and three children.

Fourteen other negroes yet unidentified.

Surgeons were rushed to Moundville from Greensboro and Tuscaloosa and all possible was done to alleviate the sufferings of the injured. By the force of the storm persons were blown hundreds of feet from their beds. Through terror a father, mother and three children fled from their home to seek refuge and in their excitement left the 5-year-old boy in bed. He was found beneath some timber and thus far it is impossible to find any other member of the family.

Bedding, carpets and wearing apparel are scattered for a distance of 10 miles through what was a forest, but which is now as clear as if felled out by the woodman's ax.

Freight cars were torn to splinters, the trucks from them being hurled hundreds of feet from the track.

The depot, the hotel, the warehouses, gins, 30 homes and many stores, together with their stocks, were completely destroyed. Where they stood it is impossible to find even the pillars upon which these structures rested.

Bales of cotton, which were stored in warehouses, were torn to atoms, the fragments of lint lodging in trees, making it appear as though that section had been visited by a snowstorm.

Heavy iron safes, the doors of which in some instances were torn from their hinges, were carried away by the force of the wind.

A young clerk employed by W. P. Phifer, hearing the terrible roaring of the storm, left himself into a well in the center of the store. He had no sooner found his place of safety when the store was completely demolished. He was drawn out uninjured.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

\$500 REWARD:
FOR WOMEN

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in full money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they can not cure. All they ask is a fair and reasonable trial of their means of cure.

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it will be for them to make the above unprecedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out" as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made or witnessed by any woman ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such remarkable curative properties as would warrant its makers in publishing such a marvelous offer as is above made in the utmost good faith.

"I want to tell you the great improvement in my health since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having any health again. Could not sit up all day. I noted a great improvement before the first bottle was used. Suffering with almost every pain of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of your 'Favorite Prescription' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

If you are led to the purchase of "Favorite Prescription" because of its remarkable cures, do not accept a substitute which has none of these cures to its credit.

If you are looking for a perfect laxative try Dr. Pierce's Pleasant Pellets.

This famous remedy does for the stomach what which it is unable to do for itself, even if slightly disordered or overburdened.

Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

Kodol Dyspepsia Cure

FOR

DON'T BOLT YOUR FOOD.

Take time for your lunch—try and enjoy what you eat. This is the advice that the Romoc man gives to his hurried friends. No wonder you have dyspepsia. You might as well expect a watch to run smoothly after greasing it with butter, instead of lubricating it with some fine oil. You cannot throw everything into your stomach and expect that organ to work well and do its duty; but never mind all that, learn first to treat your stomach with half-way respect. Learn next how, if you have broken it down, to make it well.

The way to do that is to take Romoc. It is Nature's own remedy. There is nothing like strengthening the stomach, and, in fact, on all the vital organs of the body. You will find that by the use of Romoc in a very short time you will have a hearty appetite and you will enjoy everything you eat. Just try it. Romoc and see how much more good it will do for you than any other medicine containing injurious drugs and a large percentage of alcohol, which at the best can only serve to give temporary relief.

Ask for ROMOC LAXATIVE TABLETS—SURE CURE FOR CONSTIPATION.

We have investigated Romoc. We know that all that is said by the Romoc man printed on this wonderful remedy is true, and we will refer to anyone the price of the remedy not satisfied with the results obtained. Remember, Romoc is guaranteed and sold by

BUSHNELL LEFT SEVEN MILLIONS

Widow And Children Receive All of Former Governor's Property.
Springfield, January 23.—The will disposing of an estate estimated at seven millions of dollars, left by the late Governor Asa S. Bushnell, has been filed for probate.

those of the Warder-Bushnell & Glessner company and \$25,000 from the Bushnell building. She is also to receive an equal division of the balance of the estate.
John L. Bushnell, an only son, gets the Bushnell building, after he pays certain sums to the widow and his sisters. There are special legacies to relatives, but no public bequests.
John L. Bushnell is also to pay Fannie B. McGrew and Harriet Dimond each \$25,000 from the Bushnell building within five years.
The residuary clause provides that the executors, Oscar T. Martin and C. A. Phelps and John L. Bushnell, are to distribute the remainder of the big fortune and divide it equally among the widow and the three children.
The will is dated February 17, 1894.

Whiskey and Beer Habit PERMANENTLY CURED BY "ORRINE," A SAFE, SURE AND HARMLESS SPECIFIC.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the brain lining and stupifies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the stomach, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary. "ORRINE" is taken at your own home without publicity. Can be given secretly if desired.
CURE GUARANTEED OR MONEY REFUNDED.
Mr. E. T. Sims, Brooklyn, N. Y., writes: "I was a common drunkard for twenty years, but to-day I am free of any desire for liquor. You have found the specific. God bless you!"
Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of 'ORRINE' cured me of all desire and I now hate the smell of liquor."
Price \$1 per box, 6 boxes for \$5. Mailed in plain, sealed wrapper by Orrine Company, 317 14th street, Washington, D. C. Interesting booklet (sealed) free on request.

GOOD ROADS MEETING MAY BE ARRANGED

Much Interest Taken in the Subject By Members of the Legislature.
Columbus, January 23.—It is probable that as a result of a joint meeting of the senate and house committees on turnpikes and highways, Governor Herrick will call a convention in this city within a short time of all those interested in legislation looking to the improvement of county and state roads.
It is the intention of the committee to secure all possible information and ideas touching upon this subject. It is probable the state will appropriate a considerable amount in addition to that turned over by the government for the improvement of roadways.

BUSHNELL LEFT SEVEN MILLIONS

Widow And Children Receive All of Former Governor's Property.

Springfield, January 23.—The will of an estate estimated at seven millions of dollars, left by the late Governor Asa S. Bushnell, has been filed for probate.

It leaves the magnificent homestead on East High street, valued at \$250,000, and all of the household goods and horses and carriages to the widow, Mrs. Ellen L. Bushnell, with the cottage in Middle Bass and its equipment; also \$5,000 in cash to be paid immediately; \$125,000 in stocks other than

those of the Warder-Bushnell & Glessner company and \$25,000 from the Bushnell building. She is also to receive an equal division of the balance of the estate.

John L. Bushnell, an only son, gets the Bushnell building, after he pays certain sums to the widow and his sisters. There are special legacies to relatives, but no public bequests.

John L. Bushnell is also to pay Fannie B. McGrew and Harriet Dimond each \$25,000 from the Bushnell building within five years.

The residuary clause provides that the executors, Oscar T. Martin and C. A. Phelps and John L. Bushnell, are to distribute the remainder of the big fortune and divide it equally among the widow and the three children. The will is dated February 17, 1894.

Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE," A SAFE, SURE AND HARMLESS SPECIFIC.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the brain and impairs the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary. "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

M. E. T. Sims, Brooklyn, N. Y., writes: "I was a twenty-year drunkard for twenty years, but to-day I am free of any desire for liquor. You have found the specific. God bless you!"
Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of 'ORRINE' cured me of all desire and I now hate the smell of liquor."
Price \$1 per box, 6 boxes for \$5. Mailed in plain sealed wrapper by Dr. Orrine Company, 817 14th street, Washington, D. C. Interesting booklet (sealed) free on request. Sold and recommended by
CHAS. T. LARKINS, Druggist, EAST LIVERPOOL, O.

GOOD ROADS MEETING MAY BE ARRANGED

Much Interest Taken in the Subject By Members of the Legislature.

Columbus, January 23.—It is probable that as a result of a joint meeting of the senate and house committees on turnpikes and highways, Governor Herick will call a convention in this city within a short time of all those interested in legislation looking to the improvement of county and state roads.

It is the intention of the committee to secure all possible information and ideas touching upon this subject. It is probable the state will appropriate a considerable amount in addition to that turned over by the government for the improvement of roadways.

Head Hunters.
Head hunters is the name given to the professional assassins of the Solomon Islands. The vocation of these men is to procure the heads of those whom they are hired to murder or to sell the victims for sacrificial purposes. Sometimes the enemies of a man offer a large sum to be paid in the native shell money for the head, which will be a proof of death, and the head hunter, with cold blooded and unscrupulous methods, lays his plans.

Frequently great caution is necessary. The intending murderer will worm his way into the friendship of his victim, and a long period may elapse before the opportunity will arrive for the fatal stroke. It may thus happen that the murdered man's death will have been compassed by one whom he has regarded as the closest and most loving of intimates. Surely this is the most hateful of all professions followed for the sake of gain.

FINE PROGRAMS IN THE SCHOOLS

Literary Exercises of Great Merit Were Held Yesterday.

THE REPORTS NEXT WEEK

Literary exercises were held yesterday afternoon in all the schools of the city, and the programs, especially in the high school, were very good, showing that great care and attention had been given to their preparation. There was no special feature of the exercises, and in the higher grades pupils were allowed to make their own selection of any topic for recitation, essay or oration.

The rooms were not specially decorated for the exercises, but next month when Washington's birthday will be observed, all the rooms will have a patriotic appearance. Patriotic programs will be prepared in all the schools.

Interesting Programs.
The programs in the high school were as follows:

Athenian Society—Song by the school, "Character Building"; essay, "The Place of the Newspaper in the Modern World," C. Price; recitation, "Robert Bruce and the Spider," A. McDevitt; "Madame De Stael," M. Meakin; "Immigration," Miss Laura Moore; "The Diamond," Elmer Lemmon; "The Indians' Monument," Miss Mabel Crowe; "Leap Year Sleigh Ride," Miss M. Reark; essay, "Specialization," A. Holes; recitation, "Toussaint L'Ouverture," Earl Cripps; "Ensign Epps, the Color Bearer," J. Myler; essay, "Paddle Your Own Canoe," Miss S. White; oration, "The Revolution of 1688," Miss Hazel Ourett; essay, "Parsifal," Miss Kannal; girls' chorus, "The Carnival"; recitation, "The Old Farmer's Wet Weather Talks," Miss Ethelyn Hobbs; recitation, "Our Martyred President," C. Barrett; oration, "The Bachelor Maid," Miss Alice McArter; recitation, "Putting Up the Stove, or Rhyme of the Economical Housekeeper," Sidney Erlanger; selection, "Down on the Farm," double quartet; recitation, "The Schoolmaster's Guests," Miss Nellie Frost; oration, "Knowledge Gained From Books and Observation," Miss Olive McDonnell; recitation, "Eli Perkins, Book Agent," Miss Anna Carson; solo, Miss Laura Moore; oration, "Kites," Miss Ethel McDole; oration, "Raw Material Out of Which the Intellect Molds Its Splendid Products," Shelton Overdort; song by school "Angels Adore Him"; debate, "Resolved, That the Platform is More Influential Than the Press"—affirmative, Alfred Pratt, Miss Inez Mercer; negative, Fred Mountford, Miss C. McConnell; forum, Miss Olive Ikert.

Ruskin Society—Reading of minutes; "Angels Adore Thee," school; essay, "Death of Lincoln," Miss McVay; recitation, "O Captain, My Captain," Mr. Robinson; essay, "Earthquakes," Mr. Slack; piano solo, Miss Weaver; character sketch, "Rebecca," Miss Bloor; essay, "Floods," David Thompson; essay, "Fishing in Southern California," Mr. McLaughlin; vocal solo, "Belinda," Miss Hemphill; recitation, "Railroad Crossing," Miss Fouts; essay, "Foot Ball," Mr. Viney; recitation, "The Revolution Rising," Miss Kinney; essay, "Some Great Fires," Miss Azzell; recitation, "Monroe Doctrine," Mr. Means; ood review, Miss Edna Smith; essay, "Hepziba Pyncheon," Miss Allison; quartet, "Speed Away," Misses Moffatt and Robins and Messrs. Otterman and Blackmore; recitation, "Psalm of Life," Mr. McDole; character sketch, "Wee MasGregor," Mr. Coffman; recitation, "The Temple of Fame," Mr. Clapsaddle; essay, "Children of the Natives," Miss Stoddard; girls' chorus, "In the Starlight"; recitation, "The Burial of Moses," Miss House; essay, "Catching the Train," Miss Martin; recitation, "Papa's Letter," Miss Hemphill; solo, "Down on the Farm," Mr. Brozka; debate, "Resolved, That the Southern States Were Justified in the Act of Secession"—affirmative, Miss Gorrell, Mr. Thompson; negative, Miss Robins, Mr. Supplee; paper, Mr. Otterman; decision of the judges; song, "Our Fair Land Forever," by entire school.

Excellent Debates.

The debates were excellent and each side contested vigorously to win. The music by the choruses in both the Athenian and Ruskin societies was fine.

Although the weather was very inclement yesterday afternoon, it did not prevent the visitors attending the exercises in the schools, though there was not the usual large number.

Next week will be report week in the schools, when a summary of the month's attendance, punctuality, enrollment and general report will be made. There will be a general teachers' meeting on next Monday evening at which all the city teachers will be

present and hear discussed topics of interest and importance to the welfare of the school system.

During the past week Prof. H. F. Laughlin has been unable to attend his duties as instructor in vocal music in the public schools, owing to a severe cold and affection of the throat. But Prof. Laughlin has his classes well trained and music and the teachers followed the regular schedule in music, and the work as arranged by Prof. Laughlin the week previous to his illness.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

A Son Born.—A son was born last evening to Mr. and Mrs. Heverly, of Sophia street.

A Bad Fracture.—Mrs. Larkins, wife of J. O. Larkins, a Second street restaurant keeper, is laid up with a broken leg, due to a fall on the ice yesterday. The limb was fractured in three places.

Sermon on Pottery Workers.—In his Sunday evening sermon tomorrow Rev. Edwin Weary will deal with the alleged immorality in the Staffordshire district and speak of conditions in East Liverpool potteries.

Insurance Men Met.—The fire insurance agents of the city held a meeting yesterday afternoon for the purpose of determining the rating which has been ascribed to East Liverpool. The meeting was a profitable one and it was found that this city is receiving all the benefits that are going.

Brands It a Fake.—Deputy Sheriff T. O. Terrence was enraged last evening over the falsehood published in an afternoon paper to the effect that he had served an unreasonable number of subpoenas in an unreasonable time. Mr. Terrence states that the story was absolutely without foundation.

She Imagined It.—Toll House Keeper Spivey, of the East Liverpool bridge, emphatically denies the story told by Clara Moore to the mayor to the effect that she drank a pint of whisky in the toll house, and is much wrought up over her insinuations. Mr. Spivey is a careful and watchful attendant of the bridge and his many friends gave the story of the Moore girl no credence.

Great Removal Sale.

The greatest money saving sale of the season is now going on at the Bostonian Shoe House and Haberdashery. Our entire stock of shoes and gents' furnishings must be closed out by March 1, so we have cut the price to make every article in our store move quickly. Nothing reserved; lot of next spring's stock included in this sale.

MANIAC ADRIPT IN BOAT.

His Floating Home Crushed by Ice and Wife Drowned.
Indianapolis, Jan. 23.—The ice in White river carried off a house boat occupied by John Schowe and wife which had been anchored on the overflowed lowlands. The boat was battered to pieces and Mrs. Schowe was drowned.

Schowe was thrown into the water and caught hold of bushes on a submerged island in the middle of the river.

Rollo Morrison started for him through the ice with a boat. After an hour he reached him, but Schowe was crazed with the cold and fought him off. Morrison finally overpowered him, tied him in the boat with ropes and started for shore. The crushing ice and struggles of the man threw Morrison out and the boat went on down the river with Schowe tied to the bottom. Morrison caught some bushes and was rescued. Police followed the boat with Schowe in it as far as Maywood, 40 miles below the city, where a bayou prevented further pursuit. As the boat disappeared around a bend of the river Schowe was seen to raise himself up, wave his hands and fall back.

The boat with John Schowe tied in it was seen later going under a bridge 49 miles south of the city. It was being carried down stream in the ice Schowe was lying in the bottom apparently dead.

The News Review is recognized as East Liverpool's leading newspaper as regards news service and advertising medium.

THE BOSTON STORE

SOCIAL EVENTS

A Pleasant Card Party.

Mrs. W. H. Gass gave a pleasant card party last evening to a few of her friends at her home on Walnut street. The company was not a large one, but a very delightful occasion with charming appointments. It is the first of a series of entertainments which Mrs. Gass will probably give in honor of a large circle of friends in this city. The games of the evening were euchre and casino, at which the guests spent a very pleasant evening. There were six tables and prizes were not given, but the guests played just as earnestly for the pleasure which is in the pastime. Mrs. Gass was assisted by Mrs. Willard Morris. A luncheon was served during the evening by the hostess. The decorations were very simple, but pretty, consisting mostly of flowers. Mrs. Gass maintains her reputation as an interesting and able hostess.

Birthday Party.

Miss Marie Crable, daughter of Mr. and Mrs. I. N. Crable, enjoyed the celebration of her tenth birthday anniversary at her home on East Market street last evening. After the dismissal of school last evening 10 of her friends assembled at her home to aid in the celebration. It was a happy event and the girls spent the evening in the playing of games. The most interesting game of the entertainment was "Pinning on the Donkey Tail." At this Miss Eva Cooper won first prize and Miss Helen Irwin the booby prize.

Agreeably Entertained.

Miss Lillian Brooks, daughter of Mr. and Mrs. John Brooks, of Trentvale street, pleasantly entertained about 20 of her young friends last evening. Flinch, pit and other games were played, pleasing musical selections were rendered and a nicely prepared luncheon was enjoyed. The parlors were artistically decorated with flowers.

Belmont Club Ball.

The Belmont club will give an informal dance in its club rooms on the evening of February 11. The Belmont members and their lady friends are anticipating the event with pleasure.

TAKEN FROM WINDOWS TO ESCAPE FROM FLOOD

Continued from First Page.

burg and Cleveland were run through, without a change of passengers at that point.

All cement and other movable materials used by the Duquesne Construction company in building the new pump station for the Wellsville water works was removed to places of safety yesterday afternoon. During the afternoon teams were employed hauling the cement away from the site to a storage house.

Three passengers while waiting for the belated river train west yesterday afternoon at the Wellsville station walked over to the river bank to watch the ice about the shore.

They were not prepared for the stiff wind that was blowing, and the hat of each was blown into the river.

One man went down the bank and with a stick attempted to rescue the hat, but without success. His position was rather dangerous, and a slight misstep on his part would have caused him to tumble in the river. Others just watched their headgear floating away and said naught.

LARGER STRIKE ASSESSMENT.

Contests in Pennsylvania and West Virginia Are Supported by Miners.

Indianapolis, Jan. 23.—The completion of the organization of the annual convention of the United Mine Workers by the report of the credentials committee shows big gains in West Virginia and the Pittsburgh and Central Pennsylvania districts.

A memorial addressed to the American Federation of Labor requesting it to require legislation in all trades unions eliminating the "color line" was adopted.

Members of the executive committee say the committee will levy on the entire membership an increased per capita strike assessment for the support and prosecution of the strikes in Colorado, West Virginia and in the Meyersdale district in Pennsylvania.

There is at present a per capita strike assessment of 10 cents a month. This, according to the executive committee, will probably be increased to 25 cents a month per capita. On the present paying membership this assessment would raise \$75,000 a month.

It was decided to send two delegates to the international mining congress at Paris in May. Patrick Dolan of Pennsylvania said his district was opposed to the recommendation of President Mitchell prohibiting the employment of boys under 16 in the mines. His address was answered by John Fahy of the anthracite district, who denounced the practice of employing boys "that a few paltry dollars might be added to the wages of miners."

Brazilian Balm is magic for Coughs, Colds, &c. Croup, Sore Throat. 10c, 50 doses 25c.

TOO LATE TO CLASSIFY

WANTED.—By married couple, two unfurnished rooms with bath, with or without board. Must be centrally located. Address "O," News Review.

Head Hunters.

Head hunters is the name given to the professional assassins of the Solomon Islands. The vocation of these men is to procure the heads of those whom they are hired to murder or to sell the victims for sacrificial purposes. Sometimes the enemies of a man offer a large sum to be paid in the native shell money for the head, which will be a proof of death, and the head hunter, with cold blooded and unscrupulous methods, lays his plans.

Frequently great caution is necessary. The intending murderer will worm his way into the friendship of his victim, and a long period may elapse before the opportunity will arrive for the fatal stroke. It may thus happen that the murdered man's death will have been compassed by one whom he has regarded as the closest and most loving of intimates. Surely this is the most hateful of all professions followed for the sake of gain.

FINE PROGRAMS IN THE SCHOOLS

Literary Exercises of Great Merit Were Held Yesterday.

THE REPORTS NEXT WEEK

Literary exercises were held yesterday afternoon in all the schools of the city, and the programs, especially in the high school, were very good, showing that great care and attention had been given to their preparation. There was no special feature of the exercises, and in the higher grades pupils were allowed to make their own selection of any topic for recitation, essay or oration.

The rooms were not specially decorated for the exercises, but next month when Washington's birthday will be observed, all the rooms will have a patriotic appearance. Patriotic programs will be prepared in all the schools.

Interesting Programs.

The programs in the high school were as follows:

Athenian Society—Song by the school, "Character Building"; essay, "The Place of the Newspaper in the Modern World," C. Price; recitation, "Robert Bruce and the Spider," A. McDevitt; "Madame De Staël," M. Meakin; "Immigration," Miss Laura Moore; "The Diamond," Elmer Lemmon; "The Indians' Monument," Miss Mabel Crowe; "Leap Year Sleigh Ride," Miss M. Reark; essay, "Specialization," A. Holmes; recitation, "Touissant L'Ouverre," Earl Cripps; "Ensign Epps, the Color Bearer," J. Myler; essay, "Paddy Your Own Canoe," Miss S. White; oration, "The Revolution of 1688," Miss Hazel Orent; essay, "Parsifal," Miss Kanna; girls' chorus, "The Carnival"; recitation, "The Old Farmer's Wet Weather Talks," Miss Ethelyn Hobbs; recitation, "Our Martyred President," C. Barrett; oration, "The Bachelor Maid," Miss Alice McAter; recitation, "Putting Up the Stove, or Rhyme of the Economical Housekeeper," Sidney Erlanger; selection, "Down on the Farm," double quartet; recitation, "The Schoolmaster's Guests," Miss Nellie Frost; oration, "Knowledge Gained From Books and Observation," Miss Olive McDonnell; recitation, "Eli Perkins, Book Agent," Miss Anna Carson; solo, Miss Laura Moore; oration, "Kites," Miss Ethel McDole; oration, "Raw Material Out of Which the Intellect Molds Its Splendid Products," Shelton Overdorff; song by school "Angels Adore Him"; debate, "Resolved, That the Platform is More Influential Than the Press"—affirmative, Alfred Pratt, Miss Inez Mercer; negative, Fred Mountford, Miss C. McConnell; forum, Miss Olive Kirk.

Ruskin Society—Reading of minutes; "Angels Adore Thee," school; essay, "Death of Lincoln," Miss McVay; recitation, "O Captain, My Captain," Mr. Robinson; essay, "Earthquakes," Mr. Slack; piano solo, Miss Weaver; character sketch, "Rebecca," Miss Bloer; essay, "Floods," David Thompson; essay, "Fishing in Southern California," Mr. McGaughey; vocal solo, "Belinda," Miss Hemphill; recitation, "Railroad Crossing," Miss Foutts; essay, "Foot Ball," Mr. Viney; recitation, "The Revolution Rising," Miss Kinney; essay, "Some Great Fires," Miss Azdell; recitation, "Monroe Doctrine," Mr. Means; ock review, Miss Edna Smith; essay, "Hepziba Pyncheon," Miss Allison; quartet, "Speed Away," Misses Moffatt and Robins and Messrs. Otterman and Blackmore; recitation, "Psalm of Life," Mr. McDole; character sketch, "Wee MacGregor," Mr. Coffman; recitation, "The Temple of Fame," Mr. Clapsaddle; essay, "Children of the Natives," Miss Stoddard; girls' chorus, "In the Starlight"; recitation, "The Burial of Moses," Miss House; essay, "Catching the Train," Miss Martin; recitation, "Papa's Letter," Miss Hemphill; solo, "Down on the Farm," Mr. Brozka; debate, "Resolved, That the Southern States Were Justified in the Act of Secession"—affirmative, Miss Gorrell, Mr. Thompson; negative, Miss Robins, Mr. Supplee; paper, Mr. Otterman; decision of the judges; song, "Our Fair Land Forever," by entire school.

Excellent Debates.

The debates were excellent and each side contested vigorously to win. The music by the choruses in both the Athenian and Ruskin societies was fine.

Although the weather was very inclement yesterday afternoon, it did not prevent the visitors attending the exercises in the schools, though there was not the usual large number.

Next week will be report week in the schools, when a summary of the month's attendance, punctuality, enrollment and general report will be made. There will be a general teachers' meeting on next Monday evening at which all the city teachers will be

present and hear discussed topics of interest and importance to the welfare of the school system.

During the past week Prof. H. F. Laughlin has been unable to attend his duties as instructor in vocal music in the public schools, owing to a severe cold and affection of the throat. But Prof. Laughlin has his calsses well trained and music and the teachers followed the regular schedule in music, and the work as arranged by Prof. Laughlin the week previous to his illness.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

A Son Born—A son was born last evening to Mr. and Mrs. Heverly, of Sophia street.

A Bad Fracture—Mrs. Larkins, wife of J. O. Larkins, a Second street restaurant keeper, is laid up with a broken leg, due to a fall on the ice yesterday. The limb was fractured in three places.

Sermon on Pottery Workers—In his Sunday evening sermon tomorrow Rev. Edwin Weary will deal with the alleged immorality in the Staffordshire district and speak of conditions in East Liverpool potteries.

Insurance Men Met—The fire insurance agents of the city held a meeting yesterday afternoon for the purpose of determining the rating which has been ascribed to East Liverpool. The meeting was a profitable one and it was found that this city is receiving all the benefits that are going.

Brands It a Fake—Deputy Sheriff T. O. Terrence was enraged last evening over the falsehood published in an afternoon paper to the effect that he had served an unreasonable number of subpoenas in an unreasonable time. Mr. Terrence states that the story was absolutely without foundation.

She Imagined It—Toll House Keeper Spivey, of the East Liverpool bridge, emphatically denies the story told by Clara Moore to the mayor to the effect that she drank a pint of whisky in the toll house, and is much wrought up over her insinuations. Mr. Spivey is a careful and watchful attendant of the bridge and his many friends gave the story of the Moore girl no credence.

Great Removal Sale.

The greatest money saving sale of the season is now going on at the Bostonian Shoe House and Haberdasher. Our entire stock of shoes and gents' furnishings must be closed out by March 1, so we have cut the price to make every article in our store move quickly. Nothing reserved; lot of next spring's stock included in this sale. 19-h

MANIAC ADRIFT IN BOAT.

His Floating Home Crushed by Ice and Wife Drowned.
Indianapolis, Jan. 23.—The ice in White river carried off a house boat occupied by John Schowe and wife which had been anchored on the overflowed lowlands. The boat was battered to pieces and Mrs. Schowe was drowned.

Schowe was thrown into the water and caught hold of bushes on a submerged island in the middle of the river.

Rollo Morrison started for him through the ice with a boat. After an hour he reached him, but Schowe was crazed with the cold and fought him off. Morrison finally overpowered him, tied him in the boat with ropes and started for shore. The crushing ice and struggles of the man threw Morrison out and the boat went on down the river with Schowe tied to the bottom. Morrison caught some bushes and was rescued. Police followed the boat with Schowe in it as far as Maywood, 40 miles below the city, where a bayou prevented further pursuit. As the boat disappeared around a bend of the river Schowe was seen to raise himself up, wave his hands and fall back.

The boat with John Schowe tied in it was seen later going under a bridge 49 miles south of the city. It was being carried down stream in the ice Schowe was lying in the bottom apparently dead.

The News Review is recognized as East Liverpool's leading newspaper as regards news service and advertising medium.

THE BOSTON STORE

SOCIAL EVENTS

A Pleasant Card Party.

Mrs. W. H. Gass gave a pleasant card party last evening to a few of her friends at her home on Walnut street. The company was not a large one, but a very delightful occasion with charming appointments. It is the first of a series of entertainments which Mrs. Gass will probably give in honor of a large circle of friends in this city. The games of the evening were euchre and casino, at which the guests spent a very pleasant evening. There were six tables and prizes were not given, but the guests played just as earnestly for the pleasure which is in the pastime. Mrs. Gass was assisted by Mrs. Willard Morris. A luncheon was served during the evening by the hostess. The decorations were very simple, but pretty, consisting mostly of flowers. Mrs. Gass maintains her reputation as an interesting and able hostess.

Birthday Party.

Miss Marie Crabbe, daughter of Mr. and Mrs. I. N. Crabbe, enjoyed the celebration of her tenth birthday anniversary at her home on East Market street last evening. After the dismissal of school last evening 10 of her friends assembled at her home to aid in the celebration. It was a happy event and the girls spent the evening in the playing of games. The most interesting game of the entertainment was "Pinning on the Donkey Tail." At this Miss Eva Cooper won first prize and Miss Helen Irwin the booby prize.

Agreeably Entertained.

Miss Lillian Brooks, daughter of Mr. and Mrs. John Brooks, of Trentvale street, pleasantly entertained about 20 of her young friends last evening. Flinch, pit and other games were played, pleasing musical selections were rendered and a nicely prepared luncheon was enjoyed. The parlors were artistically decorated with flowers.

Belmont Club Ball.

The Belmont club will give an informal dance in its club rooms on the evening of February 11. The Belmont members and their lady friends are anticipating the event with pleasure.

TAKEN FROM WINDOWS TO ESCAPE FROM FLOOD

Continued from First Page.

burg and Cleveland were run through, without a change of passengers at that point.

All cement and other movable materials used by the Duquesne Construction company in building the new pump station for the Wellsville water works was removed to places of safety yesterday afternoon. During the afternoon teams were employed hauling the cement away from the site to a storage house.

Three passengers while waiting for the belated river train west yesterday afternoon at the Wellsville station walked over to the river bank to watch the ice about the shore.

They were not prepared for the stiff wind that was blowing, and the hat of each was blown into the river.

One man went down the bank and with a stick attempted to rescue the hat, but without success. His position was rather dangerous, and a slight misstep on his part would have caused him to tumble in the river. Others just watched their headgear floating away and said naught.

LARGER STRIKE ASSESSMENT.

Contests in Pennsylvania and West Virginia Are Supported by Miners.

Indianapolis, Jan. 23.—The completion of the organization of the annual convention of the United Mine Workers by the report of the credentials committee shows big gains in West Virginia and the Pittsburgh and Central Pennsylvania districts.

A memorial addressed to the American Federation of Labor requesting it to require legislation in all trades unions eliminating the "color line" was adopted.

Members of the executive committee say the committee will levy on the entire membership an increased per capita strike assessment for the support and prosecution of the strikes in Colorado, West Virginia and in the Meyersdale district in Pennsylvania. There is at present a per capita strike assessment of 10 cents a month. This, according to the executive committee, will probably be increased to 25 cents a month per capita. On the present paying membership this assessment would raise \$75,000 a month.

It was decided to send two delegates to the international mining congress at Paris in May. Patrick Dolan of Pennsylvania said his district was opposed to the recommendation of President Mitchell prohibiting the employment of boys under 16 in the mines. His address was answered by John Fahy of the anthracite district, who denounced the practice of employing boys "that a few paltry dollars might be added to the wages of miners."
